10-7-14

The problem: Cost of fishing tackle.

Whereas certain dog owners, some unlicensed, some non-residents bring their dogs to places they shouldn't (e.g. Clark County forest, after the DNR had announced publicly that hunters should not bring their dogs to the Clark County forest)

Whereas the Dept has paid out a considerable amount of money to the people mentioned in P1. Fisherman should also benefit from this bonanza.

Therefore be it resolved that fisher men/women should likewise be able to submit a claim for "lost fishing tackle.
