21-01-16

A proposal for D.N.R. meeting April 11, 2016 for Forest County held at Crandon High School at 7:00 p.m.

In buck only units in the state; hunters ages 10-17 will be issued a Junior Antlerless Deer Carcass Tag with their license one time between the ages of 10-17. This tag can only be used ~~only~~ during one year in which the youth applies for it during an open deer season with the appropriate gun, archer or crossbow license and weapon authorized by that license.
