NATURAL RESOURCES BOARD AGENDA ITEM

Item No. 8.B.2

SUBJECT: INFORMATION ITEM - Administrative Rules Update

FOR: JUNE 2011 **BOARD MEETING**

TO BE PRESENTED BY / TITLE: Tim Andyrk, Acting Legal Services Bureau Director and Quinn Williams, Forestry Attorney

SUMMARY:

Recent passage of 2011 Act 21 brought with it a number of significant changes to the administrative rule process including new requirements for "economic impact analysis" for each rule along with additional approvals by the Governor and the Department of Administration. These changes will likely lead to longer rule promulgation timelines and increased Natural Resources Board input in the process. The presentation will focus on these changes.

RECOMMENDATION: Information Only
