Subject:	The Removal of the Estabrook Dam
Date:	Tuesday, March 22, 2016 5:03:19 PM

The Estabrook Dam should be removed for the following reasons:

- There is no reason for it other than to provide a mini-lake for the few landowners along the shore of the impoundment.
- It is too expensive to repair, maintain and operate.
- Its removal will benefit riverine fish and wildlife communities.

Thank you for the opportunity to provide input.
