[3]Approximately 92% maple and 8% white birch.
[4] Approximately 92% oak and 8% sugar maple.

Special Conditions

1 Cutting must be concurrent for all species to be harvested. All 1-5 inch hardwood, except oak and white birch, must be cut within Aspen harvest area. Whole tree chipping and biomass harvesting **not** permitted.(9)
2 Slash within 50 feet of the Town road must be lopped and/or scattered to lie within two feet of the ground and pulled back at least ten feet behind the tree line concurrent with cutting. No tops or slash allowed across any red line, blue line, or inside the wetlands. (16)
3 All landings and any new woods roads must be approved prior to sale start up. The snowmobile trail must remain free of debris, snow covered during winter, and left in good condition for vehicle traffic at all times. If hauling is conducted during the snowmobile season the appropriate club will be contacted and warning signs will be posted.(18)
4 All pine products cut between May 1 and September 1 must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed prior to June 1 of each year.(35)
