Subject: for Kristine Betzold re Public Comment on Estabrook Park Dam
Date: Thursday, April 07, 2016 8:28:24 AM

Dear Ms. Betzold,

I am writing to support the **removal** of the Estabrook Park Dam. I believe the continued presence of the dam is harmful to the overall quality of the river and its ecosystem. I believe the costs associated with removing the dam would be a better investment in the overall health of the river in that area and beyond, than would the costs of continuing to repair and maintain a modified dam structure. Thank you for considering my views.

Sincerely,
Kathy A Rogers
