Subject:	please save the dam
Date:	Saturday, April 02, 2016 12:42:44 PM

Please continue on the route that was started 4 years ago to repair the dam. It provides recreation for all parts of Milwaukee and brings wildlife to the area as well. We want the drawdown for winter to avoid flooding and for safety so kids don't fall into deep water if they are on the ice.
Thank you
