

#3 170307

Problem:

At present, state law only allows broad head archery hunting tips for the taking of legal game in Wisconsin.

Propose allowing the use of small game archery hunting tips for hunting rodents, unprotected species and squirrels.

The use of small game archery hunting tips would make it more practical for controlling rodents and the hunting of unprotected species and squirrels.

BE IT RESOLVED, the Conservation Congress at its annual meeting held in Dunn County on April 16th, 2007 recommends that the Department of Natural Resources take action to correct this situation by introducing rule changes allowing the use of small game archery hunting tips for hunting rodents, unprotected species and squirrels.
