Title: Non Resident single day fishing license

The Problem:

Currently if a non-resident wishes to fish in Wisconsin for one day on inland waters the only option is to purchase a four-day license for \$24. There is a two-day license available for the Great Lakes including the trout and salmon stamp for \$14. We feel the inland license should be consistent with the Great Lakes license.

Wisconsin tourism revenue would be improved by attracting more non-resident one-day fisherman.

Be it resolved that the Conservation Congress at its annual meeting held in Milwaukee County on April 13, 2009 recommends that the Conservation Congress work with the Department to take action to correct this situation by introducing a two-day non-resident inland fishing license that is consistent with the two-day Great Lakes non-resident fishing license.
