RESOLUTION

THE PROBLEM:

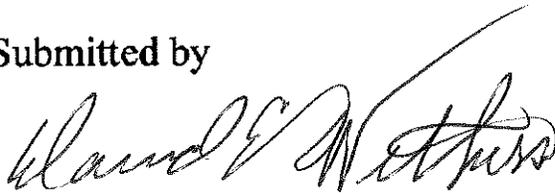

DNR "Service Centers" are open only one day a week, in Door County it is Monday's 9AM to 12:30PM and 1:30 PM to 4:00PM, only 6 hours and closed during lunch time and when a holiday falls on or is celebrated on a Monday, there is no service that week.

Long lines form the few days and hours they are open.

WHEREAS in view of the above

Be it resolved that those attending the Conservation Congress Annual Meeting in Door County April 11, 2011 request the DNR To increase the hours and days service centers are open and keep them open through the mid day by staggering employee lunch periods.
