## Resolution

**The Problem:      The Chairmen of Conservation  
Congress Study Committees have no  
term limits**

Whereas,      County Delegates, Executive Counselors, the Chairman, Co-chairman and Secretary of the Conservation Congress are all elected to their respective positions on the Congress.

Whereas,      The Chairman of the Study Committees of the Congress are appointed with no term limits.

Whereas,      The Chairman of study committees should be limited to a three year term with possible election to one additional three year term.

Be it therefore resolved that the citizens of Fond du Lac County attending the Conservation Congress Spring Hearing on April 11, 2011 petition the Conservation Congress Executive Council to amend the Code of Procedure of the Congress to implement term limits for Study Committee Chairmen.
