The Issue

Changing the opening day of the game fish season was proposed as a DNR advisory question, Question 27, to open a week earlier in those years when a conflict with Mothers Day occurred.

Whereas, DNR proposed to open the inland game fish season the last Saturday in April in those years when Mothers Day fell on the first weekend in May, and

Whereas, it would be more appropriate and less confusing to simply open the inland game fish season on the last Saturday in April, every year,

Therefore Be It Resolved, the Conservation Congress meeting this 11<sup>th</sup> day of April, 2011, in Vilas County urge the DNR to avoid yearly confusion on when Mothers Day occurs and simply change the opening day of the inland game fish season the last Saturday in April, every year.
