Title: The Process is Flawed

The Wisconsin Conversation Congress (WCC) has a major problem with processing resolutions for the Annual Spring County Conservation Meetings. A resolution that is posted at the county spring hearing and passes, goes to the Annual WCC meeting in May for their approval of its assigned committee. This committee will then review the resolution for its merit. The resolution can be passed with modifications by this committee, and then forwarded to the Executive Committee. The Executive Committee debates the resolution to make sure that it is qualified to be placed on the WCC Spring Hearing questionnaire.

The Problem:

Changes are being made by the Congress/DNR liaison after a resolution is passed out of its assigned committee and before it goes to the Executive Committee. Nowhere in the WCC – Code of Procedure does it give a liaison the authority to make changes in a resolution. I have seen resolutions altered by a liaison in which it changes the authors' and/or assigned committees' original intention and/or objective.

BE IT RESOLVED, that the Conservation Congress at its annual meeting held in Oneida County on April 09, 2012, recommends that the Conservation Congress follow the Code of Procedure and prevent the Congress/DNR liaison from making any resolution alterations, which are not approved by the full committee.
