Citizen Resolution # 7
(For Hearing Officer completion)

Online Voter Accessibility

The Problem:

The Conservation Congress Spring Hearing night is inaccessible to many county residents due to transportation issues, disabilities, work schedules or other conflicts. At present, there is only one voting location per county and some counties are very large.

BE IT RESOLVED, the Conservation Congress will work to offer an online voting option for the questionnaire during the times of the Spring Hearing. The election of the delegates would remain as it is- in person voting only.
