

Got your license? PROVE IT!

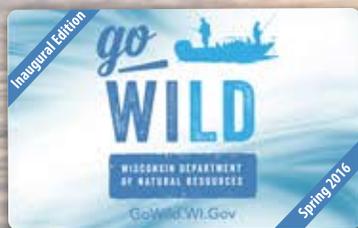

Printable plain-paper permissions

- Original provided at point of sale
- Reprint from DNR account online
- Request reprint at DNR Service Center
- Purchase reprint from license vendor for \$2.00

Smartphone

- Display image of digital file produced by DNR
- Download from DNR account online

Personal Conservation Card

- Optional card available for \$3.50
- Collectible – new design available each year!

Wisconsin driver's license

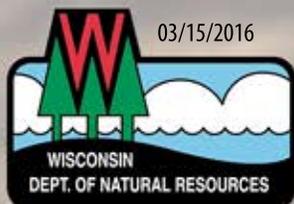

- To authenticate, present to licensing agent or enter number for online purchases

Stamps, paper and durable tags for different species

The **Go Wild** system stores state stamp (pheasant, turkey, waterfowl and trout) information electronically and customers may still request a physical stamp. The Federal Migratory Bird Hunting and Conservation (Duck) Stamp is also sold through the state licensing system and an actual stamp is mailed later by a federal vendor.

The **Go Wild** system provides licenses and carcass tags on plain paper for bear, deer, goose, sturgeon and turkey. The tags and permits have information and additional space for validation.

Durable tags will continue to be mailed to successful applicants for some limited-draw species such as bobcat, fisher and otter and these species also carry the requirement to attach the carcass tag immediately and register in-person.

Visit GoWild.Wi.Gov
for details on when and where to use specific authorizations
