

NATURAL RESOURCES BOARD AGENDA ITEM

SUBJECT: Request adoption of revised Ch. NR51 - Board Order CF-28-09 Administration of Stewardship Grants

FOR: AUGUST, 2011 BOARD MEETING

TO BE PRESENTED BY / TITLE: Mary Rose Teves --Community Fin. Assistance Bur

SUMMARY:

Chapter NR 51, Wis. Adm. Code, establishes applicant and project eligibility standards and subprogram criteria that are used by the Department in making Stewardship grant awards to local units of governments (LUGs), nonprofit conservation organizations (NCO's), and Friends Groups for land acquisition and development projects. Except in limited circumstances identified by statute, Stewardship grants cover no more than 50% of total eligible project costs. Grant recipients contribute matching funds from other funding sources, thereby stretching the buying power of Stewardship funding. The buyer of land in fee or easement with a grant under ch. NR 51 manages the land, reducing management burdens upon the Department. Property acquired with Stewardship grant funds are protected in perpetuity by the recording of a grant contract on the property deed. The rule contains a total of 19 subchapters: 3 subchapters address general provisions and the remaining 16 address specific Stewardship subprograms.

The proposed revised ch. NR 51 includes revisions in the following categories: housekeeping changes; new provisions added due to 2007 Wis. Act 20; codifying past practices; correcting past problems; adding new language.

The three new subchapters address grants to counties for county forests, grants to counties when the DNR asks for assistance, and recreational boating grants.

Proposed revisions were open for public comment from November 15 to December 8, 2010. The Department incorporated suggestions made in public comments and input from the Legislative Council Rules Clearinghouse into the attached rule order.

RECOMMENDATION: Adopt the NR Board Order CF-28-09 amending ch. NR 51, Wis. Adm. Code

SUBJECT: NRB APPROVAL OF REVISIONS TO NR 51 – ADMINISTRATION OF STEWARDSHIP GRANTS

Background:

2007 Wis. Act 20 included reauthorization of the Knowles-Nelson Stewardship Program for another 10 years with annual appropriations of \$86 million. The Stewardship Program is the primary funding source for land acquisition for conservation and public outdoor recreation in Wisconsin. The program was established in 1989 and has been invaluable to Wisconsin's outdoor heritage ensuring that the last pristine parts of Wisconsin are conserved. The Stewardship Program is responsible for offering countless opportunities to enjoy our vast natural resources by providing the public with access for hunting, fishing, trapping, hiking, cross country skiing, biking and other outdoor recreational activities.

The Stewardship Program includes grants from the Department to local units of governments (LUGs), nonprofit conservation organizations (NCOs), and Friends Groups. Except under special circumstance prescribed in statutes, these grants can only cover 50% of total eligible project costs. This means that grant recipients must contribute an equal amount of funding from other sources for Stewardship projects, thereby stretching the buying power of the Stewardship Program. Further, land acquired by LUGs and NCOs are managed by these partners, reducing management burdens upon the Department.

Since the inception of the Stewardship Program, the Department has participated in over 400 separate real estate transactions through grants to NCOs protecting nearly 40,000 acres and another 500 transactions through grants to LUGs protecting an additional 15,000 acres. In addition, the Department has awarded 860 Stewardship grants totaling \$52,286,254 to LUGs for development of recreational areas and 356 grants totaling \$2,782,451 to Friends Groups for recreational projects on State Park properties.

Stewardship Reauthorization included a requirement that land purchased in part with Stewardship grant funds must be open to the public for hunting, trapping, fishing, hiking and cross country skiing – collectively referred to nature-based outdoor activities (NBOAs) -- as long as those activities do not compromise the public's safety, adversely impact unique plant and animal communities, or affect the usership patterns of the property. In a separate effort, the Department promulgated ch. NR 52 to satisfy the NBOA requirements of 2007 Wis. Act 20.

Rule Development:

Ch. NR 51 is proposed for revision due to statutory changes made through 2007 Wis. Act 20, earlier revisions to the Stewardship Program statutes, and programmatic evolution during the ten years since ch. NR 51 was last revised. Ch. NR 51 was last before the NRB in early 2000.

In addition to tracking needed rule changes over the last 10 years, Department staff has worked with the Stewardship Advisory Committee (SAC), WI County Forest Association, and Wisconsin Waterways Commission on proposed revisions to ch. NR 51. The SAC is appointed by the DNR Secretary. A complete listing of SAC members can be found at <http://dnr.wi.gov/org/caer/cfa/LR/Stewardship/council.html>

The SAC met on January 13, April 13, and July 23, 2010, to consider revisions to ch. NR 51.

The bureaus of Community Financial Assistance, Legal Services, Endangered Resources, Wildlife Management, Forest Management, Facilities and Lands, and Parks and Recreation have all assisted with revisions to ch. NR 51.

The Board gave its permission of public hearings at its meeting in October, 2010. Notice concerning the public comment period was published in the Administrative Register on November 15, 2010. One public hearing was held by video conference on December 1 and broadcast simultaneously in Madison, Green Bay, Waukesha, Eau Claire, Spooner, and Wausau. The comment period closed on December 8, 2010. Public hearing comments and written comments were collected; a summary of comments and the Department's response is attached as Appendix I. The revised Rule Order reflects that public input. The revised Rule Order also incorporates comments from the Wisconsin Legislative Council Rules Clearing House (see Appendix 2).

Summary of the Proposed Rule Revisions:

Proposed changes to ch. NR 51 fall into the following categories:

- 1- Housekeeping -- Corrections of grammar, sentence structure, definitions of terms used in the existing ch. NR 51 but not previously defined, and gathering of requirements from throughout ch. NR 51 into one location when those requirements apply to all subprograms of Stewardship grants.
- 2- Changes resulting from reauthorization of the Knowles-Nelson Stewardship Program in *2007 Wis. Act 20* -- Adds public access requirements by reference to ch. NR 52, Wis. Adm. Code. Adds new signage requirements. Adds three new subchapters, as follows:
 - Grants to Counties for County Forests (s. 23.0953(2)(a)1., Wis. Stats.)
 - Grants to Counties when the DNR asks for Assistance (s. 23.0953(2)(a)2., Wis. Stats.)
 - Recreational Boating Facility grants (s. 23.0917(2)(a)3m., Wis. Stats.)Allows grant awards for up to 75% of total project costs to nonprofit conservation organizations that meet certain criteria (s. 23.096 (2m), Wis. Stats.)
- 3- Incorporation of Existing Grant Practices -- Many of these practices have evolved and been used since ch. NR 51 was last promulgated in 2001. Some changes in this category represent changes in policy.
- 4- Revisions made in response to public input.
- 5- Revisions made per the request of the Wisconsin Legislative Council Rules Clearinghouse.

Subsequent Revisions in Response to Public Input and Department Review

The Department's response to public comments has been summarized in Appendix 1, attached. Highlights of those changes made in response to public input are:

1 – In response to several comments expressing concern about the proposed Board "review" of grants over \$500,000, and in response to proposed statutory changes that will require Joint Finance Committee review of all grant awards over \$250,000, the Department has modified the rule language to ensure that the Board will receive reports about all projects destined for Joint Finance review in a manner that will not add additional time to the already approximately year-long process for grant application review.

2 – The Department has not made any changes to the proposed rule in response to several, critical comments about the prioritization of projects in State Natural Areas. The existing rule mandated funding for SNA projects (so long as funding was available). The revisions include language that gives priority to SNA projects but does not promise funding. Because there are now statutorily-defined circumstances under which a SNA project might not be funded, the Department does not want to create confusion with a rule guaranteeing a grant that may not materialize.

3 – In response to comments urging flexibility in the use of value from donated property as match to Stewardship grants, the Department has revised the proposed rule to allow NCOs to apply residual value from donated property as match in any Stewardship sub-program.

4 – In response to careful reading on the part of stakeholders, the Department has eliminated a few more redundancies from the hearing draft of ch. NR 51.

5 – The Department removed redundant language from ch. NR 51 to clarify the requirement that a local government's park land acquisition or development project must be specifically referenced in a local government's comprehensive outdoor recreation plan (CORP) in order to be eligible for a Stewardship grant. This has always been a program policy regarding Stewardship grants to local governments: the revised language codifies that practice and reiterates local government planning requirements.

6 – In response to public input, the proposed rule has been revised to allow for conversion of properties protected by Stewardship grants to Nonprofit Conservation Organizations.

7 – The revised Rule Order reflects format and language changes made per comments from the Wisconsin Legislative Council Rules Clearinghouse. (See Appendix 2).

8 – Based on a January 2011 written opinion from the Bond Counsel, the Department has revised the proposed rule to acknowledge that Recreational Boating Facility practices must have useful life of at least 5 years if Stewardship funding is to be awarded.

Small Business and Regulatory Flexibility Analysis:

Chapter NR 51, Wis. Admin. Code, is applicable to the Department, local units of government, nonprofit conservation organizations, and Friends Groups and imposes no compliance or

reporting requirements for small businesses, nor are there any design or operational standards contained in the rule that affect small business. Therefore, the proposed rule is not expected to have a significant impact on small businesses.

Environmental Analysis:

The Department has determined that this rule is a Type III action under Chapter 150, Wis. Adm. Code, and no environmental analysis is required.

Impacted Parties:

Proposed revisions to ch. NR 51 will impact nonprofit conservation organizations, local governments, and Friends Groups who will request grant funding for the Stewardship Program. Proposed revisions will also impact hunters, anglers, trappers, cross-country skiers, hikers, and other outdoor enthusiasts who want to recreate on Stewardship-funded properties.

Public Hearing and Comment Summary

The Department held one public hearing by video conference on December 1, 2010. The hearings originated in Madison and linked the following locations: Eau Claire, Spooner, Green Bay, Waukesha, and Wausau. In total, 5 people registered at the hearings and comments were generally supportive of the proposed rule with some specific exceptions detailed below. The table below summarizes the registrations at the hearings.

| | Registered Support | No Position Taken | As Interest May Appear |
|------------|--------------------|-------------------|------------------------|
| Eau Claire | 1 | 0 | 2 |
| Madison | 1 | 0 | 0 |
| Waukesha | 0 | 0 | 0 |
| Wausau | 0 | 0 | 0 |
| Spooner | 0 | 0 | 0 |
| Green Bay | 0 | 0 | 1 |

In addition to the comments received at the public hearing, 19 written comments were submitted either electronically or by mail. One was hand-delivered.

All but one of the comments spoke of the great value of the Stewardship Program to Wisconsin communities and several expressed appreciation of the Department's effort to update ch. NR 51.

Ten comments raised concern about Natural Resources Board "review" of grant projects if more than \$500,000 is being requested. Comments supported Board knowledge of significant grant projects. However, the abiding concerns were that Board review would prolong an already protracted process (it can take as long as one year from application submittal to issuance of a Stewardship grant), causing conservation opportunities to be lost. Comments also pointed out that if "review" means veto authority, then that will insert an arbitrary, unpredictable step at the end of what is already a detailed review process.

Eight comments were received about the inclusion of playgrounds as grant eligible activities for Stewardship development grants. Seven letters expressed enthusiastic support for inclusion of playgrounds. Three of those letters came from membership associations – the Wisconsin park and Recreation Association, WI County Forest Association and the League of Wisconsin Municipalities. One comment said playgrounds should not be included unless in a State Park.

Seven comments criticized the perceived change in prioritization of funding for State Natural Areas, raising concern that the revised rule weakens State Natural Area protection and creates an opaque prioritization system that isn't explained in the rule, complicating the role of Stewardship project sponsors.

Specific public comments received and the Department's responses to those comments follow.

Public Comment and Department Responses

Comment: “. . . the additional language added at the October NRB meeting that would require yet another level of approval for a grant program that is already one of the most heavily reviewed programs in state government.

Adding review authority for the NRB would add at least several more weeks to this process. We encourage the NRB to be closely involved with the grants program by setting clear policy through its rules and review of access provisions and doing everything it can to streamline this process.” – *The Nature Conservancy in Wisconsin*

“As an alternative, we propose that the NRB should receive regular informational briefings on Stewardship grants program, but not make decision on individual projects.” – *Gathering Waters Conservancy*

Department Response: The Department feels the Natural Resources Board should be made aware of significant Stewardship grants. The Department shares citizens’ and stakeholders’ concern that adding procedure to an already protracted grant approval process will be detrimental to the Stewardship program.

Since this rule was open for public input, the legislature has proposed statutory changes to s. 23.0917 (6m)(c), Stats. that will require all awards exceeding \$250,000 to be reviewed by the Joint Committee on Finance of the legislature. In context of that pending statutory change, the Department has revised ch. NR 51 to include a provision whereby Grants staff would inform the Board, in a manner that will not add time to the application process, of all grant awards destined for Joint Finance review.

Comment: “The change made to the rule in NR 51.28 (which replaces existing language found in NR 51.261)) would enable the Department to block Natural Areas grant project in entirely arbitrary ways and contrary to science-based determination that a project qualifies as a Natural Area, thus weakening the program.” – *Pamela Meyer, Eagle, WI*

“The protection of these rare and valuable natural resources should not be politicized and weakened through the introduction of new rule language that creates no criteria for blocking conservation projects that DNR’s own staff has determined are among the best of the best.” – *Gathering Waters Conservancy*

“We urge you to restore the mandatory protection of natural areas” -- *Mid-Kettle Moraine Partner Group*

Department Response: The original rule language says that State Natural Area projects “shall” be funded so long as funding is available. With the reauthorization of the Stewardship Program came statutory requirements whereby projects are subject to the review of the Natural Resources Board if an NBOA is prohibited and review by the Joint Committee on Finance if grant awards are \$750,000 or more. Language in the hearing version of ch. NR 51 maintains the priority to fund State Natural Areas, but is modified from the current rule to eliminate confusion and stop short of guaranteeing a grant that may not be approved by the Board or the Legislature. No change was made to the hearing version of ch. NR 51 in this regard.

Comment: “The proposed rule requires “sponsor match” to be used for the same Stewardship subprogram (e.g., Habitat Area for Habitat Area, Natural Area for Natural Area, etc.). The effect of this limitation would be a lost opportunity to protect more land.” – *Gathering Waters Conservancy*

“It is best if we have the flexibility to use ‘sponsor match’ within the entire suite of project areas and not be restricted to using match only for one type. This would allow for greater flexibility for us and the Department to fund projects that we all deem as highest priority.” – *Door County Land Trust*

Department Response: The proposed revision to ch. NR 51 shows that sponsor match parcels be eligible for the same program as the parcel being purchased. This requirement is in the current rule, is not new, and was formerly located at s. NR 51.03(c) . As part of our housekeeping efforts, the Department moved all provisions that impact all subprograms to the front of the rule. It has been our policy that residual value must be used for the same program that it received in. However, based on shared concerns, the Department is removing this requirement from ch. NR 51, making it possible for residual match value to be used for any Nonprofit subprogram, if the Department approves.

Comment: Regarding the change requiring that should a Stewardship property be transferred to municipal ownership but lie within the territory of another municipality, both local governments need to approve the project: “In addition to adding politics into the land conservation process, this change would take away the right of a private landowner to sell their land to a party of their own choosing . . .” – *Natural Heritage Land Trust*

Department Response: This section of ch. NR51 is consistent with s. 23.0917 (8)(c), Wis. Stats. This provision will not take away landowners’ rights. Rather, this provision will ensure that Stewardship projects are supported by the communities they benefit. As a result, no change was made to the hearing version of ch. NR 51 in this regard.

Comment: “The Alliance requests that the proposed NR51.007(4) be removed, or at least amended to exclude trails.” -- *Ice Age Trail Alliance*

Department Response: The Alliance made a valid argument about the difficulty that s. NR 51.007(4) would place on their abilities to manage Stewardship-funded properties with trails. In consideration of this and other factors, the Department will amend ch. NR 51 to allow the conversion of activities by nonprofit conservation organizations on Stewardship-funded properties when approved by the Department.

Comment: “The proposed change to NR51.919(3) would provide that ‘stand-alone playgrounds are ineligible.’ No definition of stand –alone playground is provided....We recommend deleting any reference to playgrounds in NR51.917(3) to avoid confusion and inconsistency with the new language added to NR 51.002(19) making playgrounds a grant eligible support facility for nature-based outdoor recreation.” – *League of Wisconsin Municipalities*

Department Response – The Department has removed the reference to “stand alone playgrounds.”

Comment: “We request that NR51.968(2)(d) be stricken from the proposed rule changes due to the fact that this language already exists under NR51.005(2) and NR51.005(3) and there is no need to duplicate that language.”

... and ...

“We request that NR51.968(2)9e) be stricken from the proposed rule changes due to the fact that this language already exists under NR51.005(7) and there is no need to duplicate that language.

- *Wisconsin County Forests Association*

Department Response: The Department has removed these redundant portions from the ch. NR 51.

Comment: “Please omit the requirement that signage for allowable uses on lands purchased with Stewardship funding be retroactive.” -- *Cedar Lakes Conservation Association*

Department Response: The Department cannot omit this requirement. Wisconsin Statutes require certain signage since the Stewardship Program was reauthorized on October 27, 2007. Proposed revisions to ch. NR 51 would make signs required by that statute and purchased since October 27, 2007, eligible for one-time cost-sharing not to exceed \$1,000.

Comment: “Projects Sponsored by Communities Participating in the Legacy Communities Green Tier Charter should Receive Higher Priority for Stewardship Funding.” – *League of Wisconsin Municipalities*

Department Response: The charter referenced is a 5-year agreement among several partners, including the DNR. The Department agrees to consider participation in the Charter as an opportunity for additional points during grant application review. Due to the evolving nature of application criteria, the Department lists scoring criteria in our application materials rather than in administrative rule. No change was made to the hearing version of ch. NR 51 in this regard.

Comment: “the new NR 52 [*sic*] rules should include a process for reimbursing volunteer tax-exempt groups such as ours for expenses relating to donating land to the state.” – *Chippewa Valley Chapter of Pheasants Forever*

Department Response: this suggestion comes from a group that recently absorbed the cost of demolishing a building on a property purchased with a Stewardship grant prior to donating the property to the state. The proposed s. NR 51.002 (1) states that environmental clean-up costs are not allowable acquisition costs covered by Stewardship grants. Amending ch. NR 51 to accommodate this request will require very detailed anticipation of activities that nonprofits may undertake in the process of transferring land to the state. The Department feels that the ability to apply for a rule variance accommodates unique or rare circumstances better than a blanket revision to ch. NR 51 that may or may not successfully anticipate all conceivable activities associated with such transfers. No revisions were made in response to this request.

Comment: “No Stewardship funds should be used to provide playground equipment if that equipment is not in a State Park.” – *Al Shook, Waukesha*

Department Response: This comment is contrasted with many additional comments conveying clear support to include playgrounds as a grant-eligible support facility for nature-based outdoor recreation. The Department agrees that playgrounds serve as conduits to outdoor recreation in any setting where they are near recreational open space, not just in State Parks. To protect the

taxpayer, the Department proposes to restrict playground grant awards to those situations where the playground is only a small portion of the overall project. No change was made to the hearing version of ch. NR 51 in this regard.

Comment: “No Stewardship funds should be used to purchase, lease or rent any property unless all outdoor activities will be allowed without exception.” -- Al Shook, Waukesha

Department Response: Wisconsin Statutes already requires that none of the five nature-based outdoor activities (hunting, trapping, fishing, hiking, and cross-country skiing) may be prohibited on any property purchased in whole or in part with Stewardship program funds UNLESS one of three exceptions can be shown and the Natural Resources Board approves. The Department has promulgated ch. NR 52 to describe how prohibitions will be judged. Ch. NR 52 became effective on August 1, 2010. As a result, the Department will make no change to the hearing version of ch. NR 51 on this topic.

Revisions made to proposed NR51 per comments from the Wisconsin Legislative Council Rules Clearinghouse

All changes suggested by the Legislative Council Rules Clearinghouse (see attached) were made in this rule order except:

2i, 2o, 2x, and 2y – The Department kept language as written for clarity and to maintain parallel structure in those portions of the rule.

5b – The Department changed “all” to “are” instead of deleting as requested.

5e – The Clearinghouse referred to Section 51 and requested the word “chapter” be changed to “subchapter.” The word “chapter” does not appear in Section 51, so no changes were made.

5f – The Department did not make the change the Clearinghouse requested because we believe the phrase “Band of Tribe” is correct.

5i – The Clearinghouse requested definition of “friend groups.” “Friends groups” are defined in 51.81. The Department did not make the suggested change to avoid redundancy.

5k – The Clearinghouse stated that sections 160, 161, 162 were confusing. The Department felt those sections, which describe renumbering and changes to titles, are not confusing and did not make any change to the Rule.

CLEARINGHOUSE RULE 10-127

Comments

[NOTE: All citations to "Manual" in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

1. Statutory Authority

In s. NR 51.004 (5), the rule is amended so that under the circumstances specified, "title to the land shall vest in the department," instead of to the state. Section 23.096 (5), Stats., specifies that title shall vest in the state. Although it may be a distinction without a difference to change "state" to "department," the statute does specify that title must revert to the state. A similar issue occurs in s. NR 51.968 (2) (a) and (3).

2. Form, Style and Placement in Administrative Code

a. The use of cross-references in the rule preface should be reviewed. For example, in the rule preface discussion of SECTION 22, the notation "ss." should be replaced by the notation "s.", because the citation is in the disjunctive. In the discussion of SECTIONS 64, 70, 79, and 83, the notation "ss." should be replaced by the notation "s.", because only one section is mentioned. The entire rule preface should be reviewed for similar problems.

b. In the table of contents, the title to s. NR 51.34 does not appear to be amended in the text of the rule. Also, the titles in the table of contents for ss. NR 51.952, 51.954, 51.968, 51.975, and 51.976 and subchapter XVIII are not consistent with the titles used in the text of the rule. Also, all the section titles in the rule should begin with a capital letter and the rest of the title should be shown in lowercase.

c. In s. NR 51.002 (1), the third-to-last sentence should begin with the phrase "Acquisition cost" does not include...."

d. In s. NR 51.002 (2m), the phrase "the state of Wisconsin" should be replaced by the phrase "this state."

e. In s. NR 51.002 (2m), "Stewardship" should be changed to the lowercase. This problem also occurs in subs. (28) and (29m) and the entire rule should be checked for this problem. Also, "government" should be changed to "governmental" and "U.S. Government" should be changed to "U.S. government."

f. In s. NR 51.002 (3m), "Comprehensive Outdoor Recreation Plan (CORP)" should be changed to "Comprehensive outdoor recreation plan" or "CORP." Also, the phrase "A CORP" should begin with the acronym CORP and the acronym should be placed within quotation marks.

g. In s. NR 51.002 (26e), the word "Value" should be replaced by the word "value." The entire rule should be reviewed for this problem; only the first word of a defined term should be capitalized.

h. In s. NR 51.002 (32), the second and third occurrences of the word "tribe" should be shown in lowercase.

i. In s. NR 51.005 (5), the phrase "shall be responsible for operation and maintenance of" should be replaced by the phrase "shall operate and maintain."

j. In s. NR 51.005 (13), "shall not" should be changed to "may not." This problem also occurs in s. NR. 51.006 (6) (a) and the entire rule should be checked for this problem. Also, the phrase "sponsors that violate" should be replaced by the phrase "A sponsor that violates."

k. In s. NR 51.006 (1), the correct citation is "ss. 23.0917 (4m) (i) and (j) and 23.096 (2m), Stats." The citations throughout the rule are not consistent. They should be reviewed and corrected where necessary in order to follow the format supplied in s. 1.07 (2), Manual. Also, in the last sentence of sub. (1), the word "must" should be replaced by the word "shall."

l. In s. NR 51.006 (3) (b), "can" should be changed to "may."

m. In s. NR 51.006 (4), the phrase "effective date of this rule" should be replaced by the phrase "effective date of this subsection ... [LRB inserts date]."

n. Section NR 51.007 (5) should be rewritten to read: "A sponsor that fails...to apply for a future grant under this chapter until it corrects...."

o. In s. NR 51.03 (3), the phrase "of this chapter" is unnecessary and should be deleted.

p. In s. NR 51.04 (1) (b) (intro.), the word "above" is unnecessary and should be deleted. Further, the phrase "all of" should be inserted before the phrase "the following." The entire rule should be reviewed for the appropriate use of phrases such as "any of" and "all of" in introductory material in order to clearly indicate to the reader whether any or all of the following subunits must be met.

q. In s. NR 51.04 (2) (a) 1., the word "should" should be replaced by the word "shall." Also, the acronym "NCO" should be defined.

r. In s. NR 51.04 (2) (am), the words "Department" and "Federal" should be shown in lowercase. A similar comment applies to the term "Boards of Directors" in sub. (2) (b). The entire rule should be reviewed for the appropriate use of the word "department."

s. In s. NR 51.06 (2), it is not clear what amendment is being made.

t. In s. NR 51.07 (3) (f), the word "must" should be replaced by the word "shall."

u. In s. NR 51.22 (6m), the second sentence should be placed in a note.

v. The material in s. NR 51.25 (2) (a) should be repealed and recreated instead of amended and s. NR 51.25 (b) and (c) should be created in a separate section. [See s. 1.06, Manual.] In sub. (2) (b), "Natural Heritage Inventory" should be changed to the lowercase. This problem also occurs in s. NR 51.26 (3) (a). In sub. (2) (c), the slashed alternative "and/or" should be deleted; the department should determine whether the sentence means "and" or "or" and use the appropriate word. This problem also occurs in ss. NR 51.26 (3) (b) and 51.72 (2m).

w. In SECTION 58, the text of s. NR 51.42 (1) should be deleted because this section is only being renumbered.

x. Section NR 51.63 (3) (intro.) should not be amended to add the word "above." It is unnecessary.

y. Section NR 51.904 (3) should be placed in a note.

z. Section NR 51.944 (1) should begin with the phrase "A project that is."

aa. In s. NR 51.950, "Heritage Fund" should be changed to the lowercase.

bb. In s. NR 51.952 (2) (intro.), the phrase ", but are not limited to" is unnecessary and should be deleted.

cc. In s. NR 51.954 (3) (a), the citation "s. 51.954 (2)" should be replaced by a citation to "sub. (2)."

dd. In SECTION 166, "NR 51.952" should be changed to "NR 51.954."

ee. In s. NR 51.960 (1), "chapter" should be changed to "subchapter." See also s. NR 51.961 (2), which also should conclude with a period.

ff. Section NR 51.962 (3) should not use incomplete sentences unless they are preceded by an appropriate introduction. [See also s. NR 51.973.] Also, in sub. (4) (a), the word "must" should be replaced with "shall" and subd. 3. should conclude with a period. In par. (a) 6. and 7., the notation "Stats." should be inserted after the reference to "s. 28.11 (5) (a)." Finally, in par. (b), the word "must" should be replaced by the word "shall."

gg. In s. NR 51.967 (2), the word "must" should be replaced by the word "shall."

hh. In s. NR 51.972, the word "who" should be replaced by the word "that" and the phrase "Secretary or its designee" should be replaced by the phrase "secretary of his or her designee." [See also NR 51.975 (1) (a) 6.]

ii. In s. NR 51.975 (1) (a) 5., the word "Real" should be replaced by the word "A real." In sub. (2) (intro.), the word "must" should be replaced by the word "shall."

jj. In s. NR 51.984 (1), "(1)-(9)" should be changed to "(1) to (9)."

kk. In s. NR 51.987, the word "Grant" should be replaced by the phrase "A grant under this subchapter." Also, the words "Waterways" and "Commission" should be shown in lowercase.

4. Adequacy of References to Related Statutes, Rules and Forms

In s. NR 51.03 (4), "s. 23.0916 (2m), Stats." should be changed to "s. 23.096 (2m), Stats."

5. Clarity, Grammar, Punctuation and Use of Plain Language

a. In the rule preface discussion of SECTION 10, the phrase "Tribes are" should be replaced by the phrase "a tribe is."

b. In the rule preface discussion of SECTION 26, it appears that the word "all" should be deleted.

c. In the rule preface discussion of SECTION 52, it appears that "claries" should be replaced by the word "clarifies" and the word "high" should be replaced by the word "higher."

d. In the rule preface discussion of SECTION 93, it appears that "claries" should be replaced by the word "clarifies."

e. In the rule preface discussion of SECTION 51, the word "chapters" should be replaced by the word "subchapters."

f. In s. NR 51.002 (31), it appears that the phrase "of Tribe" should be deleted.

g. In s. NR 51.006 (2), it appears that the first note is not needed and may be confusing.

h. In s. NR 51.03 (3), the rule should clarify what an "eligible governmental unit" is. In addition, "as outlined in" should be changed to "as required under."

i. In s. NR 51.85 (4), it is unclear what "friends groups" are. The department should provide a definition of this term in the rule or provide a cross-reference to a definition that already exists.

j. In s. NR 51.926 (1) (intro.), "when," from the current rule text, should be stricken-through.

k. The treatment in SECTIONS 160, 161, and 162 is confusing; the department should review these sections to make sure they comply with the department's intent.

3.
 - l. Section NR 51.961 (2) should conclude with a period. See also s. NR 51.962 (4) (a)
 - m. In s. NR 51.962 (4) (a) 5., "department approved" should be changed to "department-approved."
 - n. In s. NR 51.984 (1), the hyphen should be replaced by the word "to."

Assumptions Used in Arriving at Fiscal Estimate

2007 Wis. Act 20 included reauthorization of the Knowles-Nelson Stewardship Program until 2020 with annual appropriations of \$86 million. Standards and criteria for grants issued to local units of government, non-profit conservation organizations, and Friends groups under the Stewardship Program are outlined in ch. NR 51, Wis. Adm. Code.

- This proposed rule revision accomplishes several tasks:
- 1) NR 51 has not been updated since 1999. The proposed rule makes numerous "housekeeping" changes, provides administrative clarifications, provides several new definitions, and clarifies program practices that have evolved since NR 51 was last updated.
 - 2) 2007 Wis. Act 20 also added two new grant programs, and required that the recreational boating facilities grant program be funded under the Stewardship program. Three new subchapters have been added to NR 51 to be in compliance with these requirements. These new subchapters address grants for county forests (as outlined in s. 23.0953 (2)(a)1., Stats), grants to counties when the DNR asks for assistance (as outlined in s. 23.0953 (2)(a)2., Stats), and recreational boating facilities grants (as required under 23.0917 (2)(a)3m).
 - 3) 2007 Wis. Act 20 also required that lands purchased with funds from the Stewardship Program under ss. 23.0915 and 23.0917, Stats., be open to hunting, trapping, hiking, fishing and cross country skiing unless the Natural Resources Board determines it is necessary to prohibit one or more of the nature-based activities to protect public safety, protect unique plant and animal communities, or to accommodate usership patterns. Provisions have been added to NR 51 to be in compliance with this requirement, and with ch. NR 52, Wis. Adm Code.

None of the proposed changes have a fiscal impact.

Analysis Prepared by the Department of Natural Resources

1. Statutory Authority: Sections 23.09(2)(d), (2dm), (2p), (2q), (19), (20), and (20m); 23.0915; 23.0916; 23.0917; 23.092; 23.094; 23.096; 23.098; 23.17; 23.175; 23.197; 23.198; 23.27(4), (5), and (6); 23.293(4) and (5), 26.38 (2m)(a), 30.24, 30.277, and 227.11, Stats.

2. Statutes Interpreted: Sections 23.09(2)(d), (2dm), (2p), (2q), (19), (20), and (20m); 23.0915; 23.0917; 23.092; 23.094; 23.096; 23.098; 23.17; 23.175; 23.197; 23.198; 23.27(4), (5), and (6); 23.293(4) and (5), 26.38(2m)(a), 30.24, 30.277, and 227.11, Stats.

3. Explanation of Agency Authority: Sections 23.0915, 23.0917, 23.096, and 227.11, Stats., authorizes the department to promulgate rules for the administration of stewardship grants. Section 227.11, Stats., authorizes the department to promulgate rules for the general administration of department programs.

4. Related Statute or Rule: General guidelines for department land acquisition are located in ch. NR 1, Wis. Adm. Code. The department recently promulgated ch. NR 52, Wis. Adm. Code,

relating to public access for nature based outdoor activities for department lands and non-department land acquired in whole or in part with funding from the stewardship program.

5. Plain Language Analysis: Chapter NR 51, Wis. Adm. Code, establishes applicant and project eligibility standards and subprogram criteria that are used by the department in determining stewardship grant awards to local units of governments (LUGs), nonprofit conservation organizations, and Friends Groups for land acquisition and development projects. Except in limited circumstances identified by statute, stewardship grants cover no more than 50% of total eligible project costs. Grant recipients contribute matching funds from other funding sources, thereby stretching the buying power of stewardship funding. The buyer of land in fee or easement with a grant under this rule manages the land, reducing management burdens upon the department. Property acquired or developed with stewardship grant funds are protected in perpetuity by the recording of a grant contract on the property deed.

Three new subchapters are being added to ch. NR 51, Wis. Adm. Code, in compliance with *2007 Wis. Act 20*. These new subchapters address grants for county forests, grants to counties when the DNR asks for assistance, and recreational boating grants. The rule contains a total of 19 subchapters: 3 subchapters address general provisions and the remaining 16 address specific stewardship subprograms.

Section-by-section details of this rule order are outlined:

Section 1 updates the Table of Contents under subchapter I, II, IV, V, and XVI and creates subchapters XVII, XVIII, and XIX.

Section 2 clarifies the definition of acquisition costs by correcting grammatical errors, and by further defining what items are and are not eligible as acquisition costs.

Sections 3, 5, 7, 9, 11, 15, 17, 19, 45, 60, and 76 define terms that are used in this chapter but were not previously defined. These terms include: "Assignment", "Comprehensive Outdoor Recreation Plan", "County", "Dedicated match", "Department appraisal guidelines", "Development rights", "Fair market value", "Habitat area", "Long-term", "Managing cooperator", "Project", "Residual value", "Reversionary interest", "SCORP", "stewardship advisory council", "Sustainable technology", "Timber plantation", "Tribe", and "Wild-life based recreation".

Sections 4, 6, 18, 32, 40, 65, 67, 74, 91, 92, 96, 98, 99, 110, 119, 123, 124, 128, 132, 134, 139, 142, and 148 correct grammatical errors, and improve sentence structure.

Section 8 clarifies the definition of "Development project".

Section 10 does the following: 1) clarifies the definition of "Fiscal year"; 2) Clarifies that a tribe is an eligible sponsor under the definition of "Governmental unit" [section 20.002 (13), Stats., provides that funds provided by a state agency to any city, county, village, or town may be provided to any federally recognized tribal governing body for the same purpose and subject to the same conditions and restrictions]; and 3) provides clarification to the definition of "Grant contract", and specifies that a contract applies to any sponsor, not just a nonprofit conservation organization.

Section 12 clarifies what information should be in a land management plan.

Section 13 does the following: 1) corrects a mailing address; 2) adds to the examples of nature-based outdoor recreation and allows playgrounds to be an eligible support facility when they are supplemental to the primary purpose of the grant; and 3) clarifies that the definition of "Project period" applies to both grant contracts and grant agreements.

Section 14 corrects a mailing address.

Section 16 does the following: 1) clarifies that a tribe is an eligible sponsor (the department is exercising its authority under s. 20.002(13), Stats., to include Federally recognized tribal governing bodies as eligible project sponsors); and 2) clarifies that sponsor match may not include property that was acquired in part or in whole with state funds.

Section 20 clarifies that variance requirements must be in the best interest of the stewardship program.

Section 21 clarifies that the reference for the requirements of property acquisition projects are contained in this chapter.

Section 22 combines requirements that were found in several subchapters of the rule, but that apply to multiple grant programs within the chapter. These requirements were moved to newly created sections s. NR 51.005, 51.006 or 51.007 to eliminate duplication and to ensure consistency. On October 27, 2010, the Natural Resources Board (NRB) amended the proposed rule to require NRB review for grant awards of \$500,000 or more, and reviewed by Joint Committee on Finance when the grant award will exceed \$750,000 as required under S. 23.0917(6)m), stats.. Pending proposed statutory changes in the 2012-2013 state budget, this section clarifies and revises that amendment.

Section 23 repeals s. NR 51.03 (1) to (12). These clauses referred to general provisions for nonprofit conservation organizations. Similar statements for Local Units of Government were written in later sections of the original rule. Repealing the separate sections, and then combining them under sections in ss. NR 51.005 and NR 51.006 of the rule eliminates duplication that exists in the current rule, and ensures consistency throughout all of the grants programs.

Section 24 renumbers s. NR 51.03 (13) to S. NR51.03 (1) because subsections (1) to (12) are repealed.

Section 25 renumbers s. NR 51.03 (14) and (15) to S. NR51.03 (2) and (3) because subsections (1) to (12) are repealed, and amends them to clarify references, and to clarify who is eligible to receive a transfer of title for a stewardship grant funded property.

Section 26 is created to 1) fulfill the new requirements of s. 23.096 (2m), Stats., that allows for grant awards to nonprofit conservation organizations to be up to 75% of acquisition costs if they meet certain criteria and 2) define criteria for projects that are within department acquisition boundaries.

Section 27 repeals s. NR 51.03 (16) to (20). These subsections referred to general provisions for Non Profit Conservation Organizations. Similar statements for Local Units of Government were

written in later sections of the original rule. Repealing the separate sections, and then combining them under s. NR 51.006 of the rule eliminates duplication that exists in the current rule, and ensures consistency through all of the grants programs.

Section 28 amends the title to clarify the content of this section.

Section 29 renumbers s. NR 51.04 (1)(a), (1)(a)(note), (1)(b), and (1)(c), and (1)(d), to s. NR 51.04 (1)(b)1., (1)(b)1.(note), (1)(b)2., (1)(b)3., and (1)(b)4., and amends them to include an address where information or forms can be found online, and corrects a mailing address, sentence structure, and grammatical errors.

Section 30 clarifies that non-profit conservation organizations applying for grants under subchapters XVII, XVIII, XIV, and XV must follow the application procedures outlined in s. NR 51.906.

Section 31 expands upon the criteria that must be provided to the department to show that an organization is an eligible nonprofit conservation organization.

Section 33 expands upon the criteria that must be provided to the department to show that an organization is an eligible nonprofit conservation organization, and allows for periodic review of a nonprofit conservation organization's eligibility as a sponsor.

Section 34 corrects titles and sentence structure, and clarifies ineligible acquisition projects.

Section 35 corrects sentence structure and grammatical errors, and adds the Wisconsin land legacy report as an example of an eligible comprehensive plan.

Section 36 requires that a grant contract indicate a sponsor must fulfill the signage requirements of s. 23.09165, Stats.

Section 37 requires the state's interest in the property to be recorded on the deed.

Section 38 corrects sentence structure and grammatical errors, and further clarifies the state's reversionary rights.

Section 39 requires that all grants comply with the requirements of s. 23.0916, Stats., for public access.

Section 41 does the following: 1) corrects sentence structure and grammatical errors; 2) includes an address where information or forms can be found online; 3) increases the amount of time to use escrow funds from 30 to 45 days; 4) clarifies how fair market value is determined; and 5) deletes "other evidence of marketable title" and "attorney's opinion of title merchantability" as items that the department will accept.

Sections 42 and 116 add permit fees as an eligible cost.

Section 43 corrects sentence structure, changes the valuation of donated labor from the federal minimum wage to Wisconsin minimum wage, indicates that a sponsor is eligible for an advance

payment of 50% of the grant award, and clarifies that projects not completed within one year may be required to submit interim reports.

Section 44 clarifies the definition of “Priority site list” and updates it to reflect new department procedures.

Section 46 clarifies that grants made under this subchapter will require the property to be dedicated as a state natural area unless they can be exempted based on the listed criteria.

Section 47 clarifies where application deadlines can be found.

Section 48 updates what items are needed in a grant application for natural areas grants. Some previous items were deleted and new items were added to bring the rule up to date on what the department has determined is needed to evaluate the natural area potential of a parcel or project.

Section 49 does the following: 1) removes the requirement that the department “shall” fund a natural areas project; 2) defines when a natural areas project will receive high priority for approval; 3) corrects grammatical errors; and 4) updates the items reviewed to determine the natural value of a project in order to be more consistent with the new procedures of the Bureau of Endangered Resources.

Section 50 updates the items reviewed to determine the natural value of a project in order to be more consistent with the new procedures of the Bureau of Endangered Resources.

Section 51 removes the requirement that the department “shall” fund a natural areas parcel and defines when a natural areas parcel will receive high priority for approval.

Section 52 repeals language that might force the department to fund a lower scoring natural areas project from one fiscal year above a higher ranking Natural Areas project in the subsequent year.

Sections 53, 66, 95, 122, 136, and 144 clarify that definitions already defined in s. NR 51.002 also apply to this subchapter.

Section 54 repeals s. NR 51.35 because it is a duplicate of information already stated in ss. NR 51.05 (1)(a) and 51.33.

Section 55 clarifies the purpose of the habitat areas subchapter and brings it more in line with the statutory direction for designating habitat areas.

Section 56 removes reference to the department’s habitat areas program and clarifies that this section applies to grants not department acquisitions.

Section 57 repeals the definition of “habitat restoration area” because the department no longer uses this section to define its acquisition areas.

Section 58 renumbers ss. NR 51.42 (2) to 51.42 (1) because 51.42 (1) was repealed.

Section 59 does the following: renumbers ss. NR 51.42 (3) to 51.42 (2); 2) moves the definitions of “Land management plan” and “Landowner” to the General Provisions section of the rule

because they apply to more than this subchapter; 3) corrects grammatical errors; and 4) removes “municipality” and adds “city, village and tribe” as landowner examples.

Section 61 is repealed and recreated to eliminate reference to department acquisition and to define issues that pertain to grants under the habitat areas subchapter.

Section 62 clarifies what type of habitat area projects are eligible and defines what projects should receive priority.

Section 63 clarifies the types of projects that are not eligible under the habitat areas subchapter.

Section 64 repeals s. NR 51.45 (3) because the items that determine project priority were previously added to s. NR 51.45 (1)(a) and 51.45 (1)(b).

Section 68 clarifies that definitions already defined in s. NR 51.002 also apply to this subchapter, and clarifies that “Management plan” also has the meaning of “Land management plan”.

Section 69 repeals the definition of “Landowner” because it is already defined under s. NR 51.002 (17m).

Section 70 corrects grammatical errors and clarifies that s. NR 51.63 (1) and (2) are being referenced in this section.

Section 71 clarifies who is responsible for writing the land management plan and requires that the land management plan is incorporated into the grant contract.

Section 72 does the following: 1) clarifies that the listed activities are prohibited on streambank properties acquired with stewardship funds; 2) corrects the name of an agency being referenced; and 3) corrects a grammatical error.

Section 73 allows for properties that are within the watershed that have impact on water quality to qualify for grant purposes under this subchapter.

Section 75 corrects the name of the agency being referenced.

Section 77 adds new trails that have been designated by the department since the last time ch. NR 51 was updated and allows future trails that are designated to be eligible for grants under this subchapter.

Sections 78, 82 and 102 create titles.

Section 79 renumbers s. NR 51.74 (1), (2)(intro), (2)(a), (2)(b), (2)(c), (2)(d), (2)(e), (2)(f), and (4) to s. NR 51.74 (1)(a), (1)(b), (1)(b)1., (1)(b)2., (1)(b)3., (1)(b)4., (1)(b)5., (1)(b)6., and (1)(c) to accommodate the change in title and organize existing subsections with the new titles, and to correct sentence structure.

Section 80 renumbers s. NR 51.74 (5) to 51.74 (1)(d) and corrects a grammatical error.

Section 81 renumbers s. NR 51.74 (6) to 51.74 (2).

Section 83 does the following: 1) renumbers s. NR 51.74 (6) (a) and (6)(b) to 51.74 (2)(a) and (2)(b); 2) corrects sentence structure; and 3) corrects the name of an agency being referenced.

Section 84 renumbers s. NR 51.74 (6)(b)(note) to 51.74 (2)(b)(note).

Section 85 does the following: 1) renumbers s. NR 51.74 (6)(c) and (note) to 51.74 (2)(c) and (note); 2) improves sentence structure; and 3) includes an address where information on forms can be found online.

Section 86 renumbers ss. NR 51.74 (6)(d) and (e) to 51.74 (2)(d) and (e).

Section 87 renumbers s. NR 51.74 (6)(f) to 51.74 (2)(f) and changes the advance payment that a sponsor is eligible to receive under this subchapter from 100% to 50%.

Section 88 renumbers s. NR 51.74 (6)(f)(note) and (g) to 51.74 (2)(f)(note) and (g).

Section 89 renumbers s. NR 51.74 (6)(g)(note) to 51.74 (2)(g)(note) and includes an address where information on forms can be found online.

Section 90 corrects grammatical errors and further clarifies the state's reversionary rights.

Section 93 does the following: 1) improves sentence structure; 2) clarifies requirements and obligations of the department and the sponsor for applications, project advances and reimbursements; and 3) adds an address where information on forms can be found on line.

Section 94 removes the redundancy of eligible applicants.

Section 95 clarifies the definition of "Baraboo Hills."

Section 97 does the following: 1) corrects grammatical errors and improves sentence structure; 2) states that the sponsor will receive a recorded grant contract instead of a grant agreement; and 3) clarifies which property is being referenced.

Section 100 clarifies that tribes are an eligible sponsor. The department is exercising its authority under s. 20.002 (13), Stats., to include Federally recognized tribal governing bodies as eligible project sponsors.

Section 101 repeals and recreates s. NR 51.903 because "Basic facilities" and "Local share" are not used in the chapter, so they do not need to be defined, and "SCORP" has been defined in s. NR 51.002 (26s).

Section 102 creates the subsection title, "property management, boundaries, and deed."

Section 103 corrects sentence structure, and clarifies that when stewardship funds are given for a development project, the land that is developed is encumbered with stewardship requirements, not just the facilities that are developed on the land.

Section 104 corrects a numbering issue.

Section 105 requires the state's interest in the property to be recorded on the deed.

Section 106 repeals s. NR 51.904 (5) to (8). These subsections referred to general provisions for local units of government. Similar provisions for nonprofit conservation organizations were written in earlier sections of the current rule. Repealing the separate sections, and then combining them under ss. NR 51.005, 51.006, and 51.007 of the rule eliminates duplication that exists in the current rule, and ensures consistency through all stewardship grant subprograms.

Section 106 (n) directs readers to requirements for acquisition projects and states requirements for consistency with local planning.

Section 107 renumbers s. NR 51.904(9)(intro) and (9)(a) to 51.904 (2)(intro) and 51.904 (2)(a) because s. NR 51.904 (3) to (8) were repealed.

Section 108 does the following: 1) renumbers ss. NR 51.904(9)(b) to 51.904 (2)(b) because s. 51.904 (3) to (8) were repealed; 2) corrects sentence structure; and 3) increases the required lease length on developed properties not owned by the sponsor from 20 to 25 years.

Section 109 outlines the requirements for a boundary map on properties that receive stewardship funds for development projects.

Section 111 clarifies application deadlines, indicates where application materials may be obtained, both online and through the mail, and corrects sentence structure and grammatical errors.

Section 112 clarifies that final payment on a grant will not be made until all requirements are satisfied.

Section 113 clarifies that requirements related to grant cost-share can be found in the new s. NR 51.006 (1) and removes the requirement for project sponsor to obtain a written waiver of retroactivity for acquisition projects.

Section 114 repeals s. NR 51.907(1)(c). This paragraph referred to grant awards for local units of government. Similar statements for nonprofit conservation organizations were written in earlier sections of the original rule. Repealing the separate sections, and then combining them under new ss. NR 51.005, 51.006, or 51.007 eliminates duplication that exists in the current rule, and ensures consistency through all of the grants programs.

Section 115 changes "Local share" to "Sponsor match" for consistency throughout the chapter, and clarifies who establishes the county highway rates.

Section 116 is created to allow fees for permits required for development projects to be included in eligible project costs.

Section 117 changes "Local share" to "Sponsor match" for consistency throughout the chapter, and changes the valuation of donated labor from the federal minimum wage to Wisconsin minimum wage.

Section 118 restricts the value that can be used as a donated part of sponsor match to value that is reasonable and necessary for carrying out the project.

Section 120 includes an address where information and forms may be found online.

Section 121 clarifies the final reimbursement deadline.

Section 122 defines “Aids for the acquisition and development of local parks” for the purposes of subchapter XII..

Section 123 is amended to clarify how funds will be allocated for projects eligible for funding under subchapter xii, “Aids for the Acquisition and development of Local Parks.”

Section 124 clarifies local planning requirements and processing of cost overrun requests.

Section 125 adds playgrounds as an example of an eligible support facility when they are supplemental to the primary purpose of the grant.

Section 126 clarifies that projects that provide access to water are eligible.

Section 127 corrects sentence structure and clarifies certain ineligible facilities that do not meet the definition of nature-based outdoor recreation.

Sections 129 and 143 give priority to projects using sustainable technology.

Section 130 corrects a statutory reference.

Section 131 corrects sentence structure, grammatical errors, and clarifies that definitions already defined in s. NR 51.002 also apply to this subchapter.

Section 132 clarifies that sponsors compete for these funds on a statewide basis and corrects sentence structure.

Section 133 clarifies local planning requirements.

Section 135 does the following: 1) corrects sentence structure and grammatical errors; 2) requires that if a project is receiving priority points for implementing elements of water quality plans, that plan must be approved by a governing body; and 3) allows for priority to be given to projects of global significance.

Section 137 repeals “in-kind contribution” because it is not used in this chapter.

Section 138 rennumbers s. NR 51.932 (2), (3), and (4) to 51.932 (1), (2), and (3) because s. NR 51.932 (1) was repealed.

Section 140 corrects sentence structure and grammatical errors, changes “in-kind contributions” to “donations”, and clarifies local planning requirements.

Section 141 repeals an example of scoring that is not accurate.

Section 142 corrects grammatical errors.

Section 143 adds use of “sustainable technology” to the list of project priorities for grants awarded under the urban rivers subsection.

Section 144 clarifies definitions of terms in this subsection.

Section 145 repeals s. NR 51.942 (3) and (4) because the definitions of “Development” and “Development Rights” are largely incorporated into definitions under s. NR 51.002.

Section 146 repeals and recreates s. NR 51.943 because the reference to applications received in fiscal year 2001 is outdated and no longer necessary.

Section 147 repeals s. NR 51.944 (1) and recreates it to give higher priority to projects that are supported by a comprehensive plan that has been adopted by a governmental unit.

Section 149 corrects sentence structure and clarifies the type of plan in which the project must be identified.

Section 150 corrects the name of the fund under which grants are issued.

Section 151 renumbers and amends s. NR 51.990 to 51.950 to allow space for several new subchapters and reflects that the purpose is for issuance of grants from the heritage fund.

Section 152 renumbers s. NR 51.991 to 51.951 to allow space for several new subchapters.

Section 153 does the following: 1) renumbers s. NR 51.992 (title) and 51.992 to 51.952 (title) and (1); 2) corrects the section title; and 3) clarifies that state trails are eligible projects.

Section 154 is created to list examples of ineligible projects.

Section 155 renumbers s. NR 51.993 (intro.) to 51.953 (intro.) and corrects sentence structure.

Section 156 renumbers s. NR 51.993 (1) and (2) to 51.953 (1) and (2).

Section 157 renumbers s. NR 51.993 (3) to 51.953 (3) and corrects sentence structure.

Section 158 repeals s. NR 51.993 (4) because those activities do not support the basis needs of department priorities.

Section 159 renumbers s. NR 51.993 (5) to 51.953 (4).

Section 160 renumbers s. NR 51.994 (title) to 51.954 (title) and corrects the section title.

Section 161 creates a title to define this sub-section.

Section 162 renumbers s. NR 51.994 (1) to s. NR 51.954 (1)(a).

Section 163 does the following: 1) creates a title for the section; 2) adds an application deadline; and 3) indicates the website address where application materials can be obtained.

Section 164 repeals s. NR 51.994 (2) because application deadlines are outlined under the new s. NR 51.954 (1) (b).

Section 165 renumbers s. NR 51.994 (3) to (5) to s. NR 51.954 (2), (3) (a), and (3) (b) and expands the definition of local match, corrects sentence structure, and clarifies conditions that must be met before the department may issue a grant advance.

Section 166 creates titles to help define each section.

Section 167 renumbers s. NR 51.994 (6) and (6)(Note) to 51.955 and 51.955 (Note) and corrects sentence structure.

Section 168 creates subchapters for the new County Forest grant program, Grants to Counties Assisting the Department, and Recreational Boating Aids program.

Section 169 provides information on effective dates.

Section 170 provides information on Board adoption.

6. Summary of, and comparison with, existing or proposed federal regulations: The Land and Water Conservation Fund (LWCF) is a federal grant program administered by the U.S. National Park Service. This program provides funding for the acquisition of land and the development of facilities for public outdoor recreation. Use of LWCF funds is directed by the Statewide Comprehensive Outdoor Recreation Plan that identifies general trends in outdoor recreation and identifies broad regional and statewide needs for land acquisition and recreational facility development.

The US Fish and Wildlife Service administers several programs that provide funding to the department for land acquisition and facility development. Most of these funds are targeted to a specific purpose, such as the protection of habitat for endangered species, coastal areas and wetlands. In addition, the department receives federal funding for motor boat access acquisition and development; for wildlife habitat protection and management and for fisheries habitat protection and development. Generally land acquired with funds from the U.S. Fish and Wildlife Service must be open to the public. There are some limited restrictions on the types of activities that are allowed to occur on these federally funded properties.

7. Comparison with Rules in Adjacent States: Minnesota, Michigan, Iowa and Illinois all have land acquisition programs that allow for the purchase of land, either in fee or as easements. Many of these programs are similar to the stewardship program.

Minnesota: The Natural and Scenic Areas Grant Program was created to increase, enhance and protect Minnesota's natural and scenic areas. The program provides \$500,000 in matching grants each year for fee simple purchases and conservation easements of environmentally important lands. <http://www.dnr.state.mn.us/grants/landlnaturalLscenic.html>

Michigan: The Michigan Natural Resources Trust provides approximately \$35 million in financial assistance each year to local governments and the Michigan DNR to purchase land or rights in land for public recreation or for environmental protection or scenic beauty. It also provides financial assistance for the development of land for public outdoor recreation. http://www.michigan.gov/dnr/O.1607.7-153-10366_37984_37985-124961--.OO.html

Iowa: Iowa has two programs of interest:

1- The Resource Enhancement and Protection grant program in Iowa was created to enhance and protect Iowa's natural and cultural resources. This program provides up to \$20 million annually to acquire land for recreational purposes. <http://www.iowadnr.gov/reap/index.html>

2- The Wildlife Habitat Promotion with Local Entities provides funding to county conservation boards for the acquisition and development of wildlife habitat. <http://www.iowadnr.gov/grants/wildlife.html>

Illinois: The Open Space Lands Acquisition and Development Program in Illinois provides approximately \$20 million in assistance annually to local government agencies for acquisition and development of land for public parks and open space.

8. Summary of factual data and analytical methodologies: *2007 Wis. Act 20* included reauthorization of the Knowles-Nelson Stewardship Program for another 10 years with annual appropriations of \$86 million. The stewardship program is the primary funding source for land acquisition for conservation and public outdoor recreation in Wisconsin. Reauthorization included a provision requiring that lands purchased in whole or in part with funds from the stewardship program under ss. 23.0915 and 23.0917, Stats., be open to hunting, trapping, hiking, fishing and cross country skiing unless the Natural Resources Board determines it is necessary to prohibit one or more of the nature-based activities to protect public safety, protect unique plant and animal communities, or to accommodate usership patterns. The 2012-2013 budget language eliminated accommodation of usership patterns as a legal justification for prohibiting an activity.

In addition, *2007 Wis. Act 20* added two new grant subprograms and required that the recreational boating facilities grant program now be funded under the stewardship program.

In addition to noting needed rule revisions over the last 10 years, department staff have worked with the Stewardship Advisory Committee (SAC) on proposed revisions to ch. NR 51, Wis. Adm. Code. The SAC is appointed by the DNR Secretary. A complete listing of SAC members can be found at <http://dnr.wi.gov/org/caer/cfa/Grants/Agendas-Minutes/StewMembers.pdf>

9. Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report: These rules and the legislation that grants the department rulemaking authority do not have a significant fiscal effect on the private sector or small businesses.

10. Effect on small business: No specific direct effect on small business is anticipated. This rule provides further guidance for the implementation of existing programs. No new business activity will be created as a result of revisions to this rule.

Section 2. NR 51.002 (1), is amended to read:

NR 51.002 (1) “Acquisition cost” means the fair market value of the property as determined by department appraisal guidelines, except as provided in s. 23.0917 (7) (b) to (d), Stats., and reasonable costs related to the purchase of the property. These costs are limited to the cost of appraisals, land surveys, relocation payments, title evidence, recording fees, initial posting of signage consistent with s. 23.09165 (3), Stats., with cost share not to exceed \$1,000, attorney fees for department required reviews with cost share not to exceed \$1,000, historical and, cultural, and environmental assessments required by the department and environmental inspections and assessments completed through contract by professional consultants. ‘Acquisition cost’ does not include environmental clean-up costs, brokerage fees paid by the buyer, and real estate transfer taxes.

Section 3. NR 51.002 (2m) is created to read:

NR 51.002 (2m) “Assignment” means the transfer of all rights and interests in property, and all obligations under a stewardship grant contract to another nonprofit conservation organization or governmental unit eligible for a grant under this chapter, or an agency of this state or of the U.S. government.

Section 4. NR 51.002 (3) and (3) (Note) are amended to read:

NR 51.002 (3) “Baseline document” means an inventory of the features of a property including reports, maps, photographs and other ~~documentation materials~~ that provides an accurate representation of the property at the time an easement funded with a stewardship grant is executed. The baseline document is intended to serve as an objective information baseline for monitoring compliance with the terms of the easement.

(3)(Note) Note: For information on creating a baseline document, contact Gathering Waters Conservancy, a nonprofit conservation organization that provides technical assistance on easements, 211 S. Paterson St., Suite 180, Madison, WI 53703, or the DNR Bureau of Community Financial Assistance, P.O. Box 7921, Madison, WI 53707.

Section 5. NR 51.002 (3m) and (3m)(Note) are created to read:

NR 51.002 (3m) “Comprehensive outdoor recreation plan” or “CORP” means the document prepared and adopted by governmental units that summarize planning efforts for recreation, open space preservation, and resource protection. A ‘CORP’ may include goals for acquisition, preservation, and development as well as specific park plans, facility plans, funding requests, and implementation plans for development projects.

(3m)(Note) Note: These plans typically cover 5 years.

Section 6. NR 51.002 (4)(a) is amended to read:

NR 51.002(4)(a) One of the purposes of the organization is to protect, enhance, or restore the state’s natural resources for the benefit of the general public.

Section 7. NR 51.002 (5r), (6d), and (6d) (Note) are created to read:

NR 51.002(5r) “Dedicated match” means sponsor match that is dedicated or restricted by the donor or funding source to be used exclusively for a particular parcel.

(6d) “Department appraisal guidelines” means the department procedures by which contracted appraisers are required to assess the fair market value of a property where the title is to be acquired in fee simple or easement with funds under this chapter.

(6d) (Note) Note: A copy of the department appraisal guidelines are available from the DNR, Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/land/facilities/documents/REContractAppraisalGuidelines.pdf>.

Section 8. NR 51.002 (7) is amended to read:

NR 51.002 (7) “Development project” means the development construction, renovation, or modification of structures, utilities, facilities, landscaping, or restoration or enhancement of natural communities and other department-approved improvements for the purposes of nature-based outdoor recreation.

Section 9. NR 51.002 (7d) and (8m) are created to read:

NR 51.002 (7d) "Development rights" means the rights of a landowner to develop their property as allowed under state and local laws and ordinances.

(8m) "Fair market value" means the dollar value assigned to a property by a department-approved appraisal conducted in accordance with department appraisal guidelines for grants issued under this chapter.

Northern Region, 810 W. Maple St., Spooner, WI 54801
Northern Region, 107 Sutliff Ave., Rhinelander, WI 54501

Section 15. NR 51.002 (26e), (26m), (26s) and (26s)(Note) are created to read:

NR 51.002 (26e) "Residual value" means any fair market value from an approved property donation that is not utilized as sponsor match in a grant application that may be used for sponsor match in subsequent grant applications.

(26m) "Reversionary interest" means the right of the department to assume ownership of a property acquired with a grant under this chapter as specified in the grant contract, and under s. 23.096 (5), Stats.

(26s) "SCORP" means the statewide comprehensive outdoor recreation plan prepared by the department.

(26s)(Note) Note: A copy of the SCORP is available from the DNR, Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/planning/scorp>.

Section 16. NR 51.002 (27) and (28) are amended to read:

NR 51.002 (27) "Sponsor" means the city, village, town, tribe, county, nonprofit conservation organization, conservation organization, lake sanitary district, as defined in s. 30.50 (4q), Stats., public inland lake protection and rehabilitation district, or Kickapoo reserve management board that is applying for or has received a grant under this chapter.

(28) "Sponsor match" means ~~the-that~~ portion of the acquisition or development cost which is not funded by the state. Eligible sources of sponsor match may include cash from

the sponsor; funds generated by local or federal ~~government~~ governments; grants or contributions from foundations, businesses, private individuals or nonprofit organizations; property contributions from a third party if the contribution is made within 3 years of the acquisition of the property, and is considered by the department to be eligible for a stewardship grant from the same program as the property being purchased, and was not originally purchased in whole or in part with state funds; property acquired by the sponsor within 3 years of the acquisition if the property was not purchased with state funds; and property value donated by the property owner.

Section 17. NR 51.002 (29m) is created to read:

NR 51.002 (29m) “Stewardship advisory council” means a group appointed by the department secretary to advise the department on stewardship matters. The council shall consist of users of the stewardship grant program and other citizens.

Section 18. NR 51.002 (30) is amended to read:

NR 51.002 (30) “Stewardship grant” means a grant ~~of stewardship funds~~ awarded to a sponsor under this chapter.

Section 19. NR 51.002 (31), and (32) are created to read:

NR 51.002 (31) “Sustainable technology” means technologies that reduce the dependence on fossil fuels and conserve water.

(32) “Tribe” means a federally recognized tribe or band of tribe in this state.

Section 20. NR 51.003 is amended to read:

NR 51.003 Variances. The department may approve in writing a variance from a requirement of this chapter if the department determines that a variance is essential to effect necessary grant actions or program objectives and where special circumstances make a variance in the best interest of the stewardship program. Before approving a variance, the department shall take into account factors such as good cause, circumstances beyond the control of the sponsor, financial hardship and landowner demands. The department may seek the advice of the stewardship advisory council before issuing a variance. The department may not grant variances from statutory requirements.

Section 21. NR 51.004 (6) is amended to read:

NR 51.004 (6) Conservation organizations applying for grants for property acquisition shall meet all the requirements of ~~ch. NR 51~~ this chapter. The department shall evaluate the property according to the eligibility criteria and priorities in ss. NR 51.05 and 51.06.

Section 22. NR 51.005, 51.006, and 51.007 are created to read:

NR 51.005 General requirements for all grants. (1) The sponsor shall remit to the department that percentage of all revenues from the sale of any structures, improvements, or

personal property that were included in the appraisal and subsequent acquisition cost equal to the percentage of cost-sharing received under this chapter.

(2) Income accruing to property receiving a grant under this chapter shall be used to further the objectives of the project as stated in the grant contract unless the department authorizes the income to be used to further the objectives of another stewardship project or the property is entered into the county forest law program under s. 28.11, Stats. If the property is entered into the county forest law program, income derived from the property shall be distributed according to s. 28.11, Stats.

(3) The sponsor may charge reasonable entrance, service or user's fees to defray operation and maintenance costs. Such costs shall be approved by the department. Fees for hunting permits shall be consistent with s. 23.09165 (3) (h), Stats. This subsection shall not apply to subchapter XVII.

(4) Sponsors shall comply with applicable state and federal regulations including bidding and awarding contracts, land acquisition, relocation, wage and labor rates, general and special zoning, land use permit requirements, access for persons with disabilities, flood disaster protection, environmental quality, and historical and archaeological preservation.

(5) A sponsor shall agree to comply with program requirements under this chapter for a property purchased or developed with a stewardship grant in perpetuity. Unless otherwise noted in the grant agreement or contract, a sponsor shall be responsible for operation and maintenance of any property or facility for which stewardship funds have been issued.

(6) Property transactions shall be subject to ss. 32.19 to 32.27, Stats., and relocation assistance shall be subject to ch. Comm 202.

Note: The following information is from ch. Comm 202. Under s. Comm 202.01 (14), "an owner occupant who voluntarily sells a property to a displacing agency not vested with eminent domain power" is not a displaced person and is not entitled to relocation assistance. Tenants who occupy a property are entitled to relocation assistance even if the owner is voluntarily selling the property. Under s. Comm 202.01 (14) (b) 4., a "tenant-occupant of a dwelling who has been promptly notified that he or she will not be displaced by the project" but who can remain permanently on the property subject to normal rental conditions and provisions may not be a displaced person who qualifies for relocation assistance so long as they are not required by the sponsor to move. Under s. Comm 202.01 (33), relocation assistance shall apply to all stewardship grants where the total of stewardship grants and all other public financial assistance or direct government acquisition costs in a project are at least \$25,000 for a project with total costs of less than \$50,000; or at least 50% in a project having total costs of \$50,000 or more.

(7) Sponsors may not discriminate against any person in the use and enjoyment of the property on the basis of age, race, creed, color, handicap, marital status, conviction record, arrest record, gender, national origin, ancestry, sexual orientation or military status.

(8) Negotiations between the sponsor and landowner shall be conducted on a willing seller – willing buyer basis. The department may require the sponsor to inform the landowner in writing that the sponsor may apply for a stewardship grant.

(9) The department shall have access to land acquired or developed with a stewardship grant in order to monitor compliance with the grant contract or carry out any management activity necessary to ensure the public's rights and safety. The department may require project sponsors to conduct self-inspections of these properties and periodically submit reports to the department.

(10) With prior written approval of the department, the sponsor may transfer the property acquired under this chapter to a third party that is not a creditor of the organization and that is eligible to receive a grant under this chapter, or is an agency of the state of Wisconsin or U.S. government. Department approval of the transfer is not valid until the assignment is signed by the department and recorded in the appropriate county register of deeds office. Except as provided in s. NR 51.968(2)(b), transfers of property shall include all of the following conditions:

(a) All conditions and restrictions, including public uses, imposed by the grant contract and land management plan shall run with the property.

(b) Any subsequent owners shall execute an assignment that states that the new owners have received and reviewed the grant contract and land management plan and shall abide by their provisions.

(c) Stewardship property transferred to a governmental unit or another eligible sponsor shall comply with s. 23.0917 (8) (c), Stats.

(11) The department may choose to accept a transfer of property acquired under this chapter.

(12) If required by s. 23.0917 (6m) (c), Stats., grants awarded under this chapter shall be reviewed by the joint committee on finance of the state legislature.

(12m) The department shall report to the natural resources board on all grant applications that require review by the joint committee on finance of the state legislature as required by s. 23.0917 (6m) (c), Stats.

(13) A sponsor that violates the terms of the grant contract may not be eligible to apply for future grants under this chapter until the department determines that the violation is corrected and that the sponsor is once again operating in accordance with the terms of the grant contract.

NR 51.006 Requirements for land acquisition projects.

(1) GRANT COST SHARE. Except for grants issued under ss. 23.0917(4m)(i) and (j), and 23.096 (2m), Stats., the department shall award grants for up to 50% of the acquisition cost. The remainder of the acquisition cost shall come from sponsor match. The sponsor shall indicate all known sources of sponsor match when the grant application is submitted to the department, and dedicated match shall be specifically identified.

(2) ACQUISITION COST CALCULATION. The acquisition cost of donated and acquired property is either the fair market value and other costs approved by the department according to s. NR 51.002(1), or may be the owner's purchase price plus the annual adjustment increase, as specified in s. 23.0917(7)(b), (c), or (d), Stats, when the seller has owned the property for less than three years.

Note: A copy of department appraisal guidelines are available from the DNR, Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/land/facilities/documents/REContractAppraisalGuidelines.pdf>.

(3) PROPERTY USED AS A PORTION OF SPONSOR MATCH. (a) With approval of the department, the sponsor may use up to 50% of the fair market value of a donated property or of a property purchased with other than state funds as all or part of sponsor match, but only to the extent that stewardship grant assistance is needed to acquire the subject parcel, and if the donated property is acquired by the sponsor within 3 years of the date that the subject parcel is to be acquired.

(b) The amount that may be used for sponsor match shall equal the fair market value or the amount of money needed by the sponsor for the purchase, whichever is less. The grant payment may not exceed the amount of money actually needed for the purchase.

(c) Donations of property are eligible as sponsor match only if the match property is eligible for the same stewardship grant program as the property being acquired. The match property shall be encumbered in perpetuity by the conditions and restrictions of that stewardship program purpose.

(d) If approved by the department, any residual value from an approved property match that is not utilized as sponsor match for a grant application may be used for sponsor match in subsequent grant applications. The sponsor has 36 months following the date that the

department issued the original grant under this chapter to submit future applications that will use the residual value. This paragraph shall not apply to subchapter XVII.

Note: For example: A sponsor wishes to buy Parcel A with a fair market value of \$14,000, but a purchase price of only \$10,000. Parcel B, with fair market value of \$20,000, has been donated to the sponsor by another landowner and the sponsor uses Parcel B as its sponsor match for grant purposes. When grant funding is provided by the department, both Parcels A and B become part of the program. The total value of both Parcel A and Parcel B is $\$14,000 + \$20,000 = \$34,000$. A grant under this chapter will normally not exceed 50% of the total project costs, or $50\% \times \$34,000 = \$17,000$. However, because it only cost the sponsor \$10,000 to purchase Parcel A, a grant award of \$17,000 would result in profit for the sponsor. Therefore, the grant award to the sponsor can only be \$10,000. The remaining \$7,000 in value may be used as match by the sponsor for a subsequent application within 36 months of the date the Department issues the grant contract for both Parcels A and B.

(e) Property acquired through a lawfully required subdivision parkland dedication or through condemnation is not eligible to be used as sponsor match.

(4) **SIGNAGE.** Sponsors shall acknowledge the state's assistance in acquiring fee title or easement ownership of a property, and provide notice of public access with content that meets the requirements in s. 23.09165 (3), Stats., by placement of signs or in any other manner approved by the department. The department may provide one-time cost-sharing to eligible project sponsors for signage consistent with the requirements of s. 23.09165 (3), Stats., with cost-share not to exceed \$1,000, even if property being signed was purchased in part with a Stewardship grant before the effective date of this subsection. . . [LRB inserts date].

(5) **PUBLIC ACCESS.** As a condition of the grant contract, a sponsor acquiring property through title in fee simple with a grant under this subchapter shall ensure that the property is available for public access as provided in s. 23.0916, Stats. The department may grant exceptions to this access requirement in accordance with s. 23.0916, Stats., and ch. NR 52.

(6) **EASEMENT ACQUISITION.** (a) For easements acquired with a stewardship grant, the sponsor may not convert or approve conversion of land encumbered by the easement to uses inconsistent with the easement or the grant contract.

(b) When a stewardship grant is awarded for acquisition of an easement, the sponsor shall prepare a baseline document, approved by the landowner and available to the department for inspection, before grant payments are made.

(c) The sponsor shall monitor any easement acquired with a stewardship grant at least once a year to ensure that the provisions of the easement are being satisfied. The sponsor shall compare the condition of the property with the baseline document, and shall enforce all easement provisions. The sponsor shall submit a report documenting annual monitoring and any enforcement measures taken to the department as requested.

(d) The sponsor shall ensure that the holder of any mortgage or land contract on easement property shall subordinate its rights to the terms of the easement before grant payments are made.

(e) The sponsor shall use the department's standard easement template for the appropriate stewardship grant program when developing its easement document.

Note: Copies of the department's easement standards and guidelines are available from the DNR, Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/caer/cfa/Grants/easement.html>.

(f) The department shall have access to property on which an easement is acquired with a grant under this chapter, in a reasonable manner upon prior notice to the sponsor and the landowner, to monitor compliance with the conditions of the grant contract. The conditions of that access shall be contained in the easement agreed to by the landowner. The department may grant a variance to this access requirement in extraordinary situations according to the procedure in s. NR 51.003.

(7) PUBLIC NOTICE. The department shall follow procedures identified in s. NR 52.04, when notifying the public of land acquisition projects seeking funding under this chapter.

(8) TITLE. Title to property acquired with a stewardship grant shall vest in the sponsor, except when acquired by the Kickapoo reserve management board where title shall vest in the state.

NR 51.007 Property uses inconsistent with the stewardship program.

(1) The sponsor may not convert property purchased or developed with a grant under this chapter to uses that are inconsistent with the stewardship program or the grant contract, without the prior written approval of the department.

(2) If a sponsor converts property to an inconsistent use not approved by the department, the sponsor shall return the property to the use specified in the grant contract or the sponsor shall replace the property with a different property, approved by the department. The department's approval of replacement property shall include consideration of at least equal value, acreage, and benefit consistent with the stewardship grant program for which funding was originally approved.

(3) If a sponsor converts a facility to an inconsistent use not approved by the department, the sponsor shall return the facility to the use specified in the grant contract, or replace the facility with one of equal value used for the same purpose within a timeline approved by the department.

(4) A sponsor that fails to abide by the terms of the grant contract which results in inconsistent use of the property or facility or impairment of the conservation values may not be eligible to apply for future grants under this chapter until the sponsor corrects the impairment and the department determines that the sponsor is once again operating in accordance with the terms of the grant contract.

Section 23. NR 51.03(1) to (12) are repealed.

Section 24. NR 51.03 (13) is renumbered NR 51.03 (1).

Section 25. NR 51.03 (14) and (15) are renumbered NR 51.03 (2) and (3) and are amended to read:

NR 51.03 (2) If the nonprofit conservation organization dissolves, all title, right and interest held by the sponsor in and to the property purchased under this chapter shall vest in the state, without the necessity of reentry, unless a transfer under ~~sub. 12~~ s. NR 51.005 (10) is approved by the department.

(3) Within the land acquisition ~~subprogram~~ grant program under s. 23.0917 (3), Stats., and subchs. I through VIII, the department may not award grants to governmental units, but it may consider projects involving both nonprofit conservation organizations and eligible governmental units as partners when those projects meet department objectives further the objectives of this chapter. Pursuant to s. 23.096 (4), Stats., the department may approve a transfer of title from the nonprofit conservation organization to an eligible governmental unit, an agency of the state of Wisconsin, or the U.S. government for the purpose of long-term management as required under s. NR 51.005 (12).

Section 26. NR 51.03 (4) and (5) are created to read:

NR 51.03 (4) The department may award grants of up to 75% of the acquisition cost of the property pursuant to s. 23.096 (2m), Stats.

(5) A sponsor acquiring property with a stewardship grant that is within the acquisition boundaries of a department project shall provide to the department plans for public use and land management that are consistent with department management plans for use of the property.

Section 27. NR 51.03 (16) to (20) are repealed.

Section 28. NR 51.04 (title) is amended to read:

NR 51.04 (title) Application procedures and organization eligibility for grant assistance.

Section 29. NR 51.04 (1)(a), (1)(a)(Note), (1)(b), (1)(c), and (1)(d) are renumbered (1)(b)1., (1)(b)1.(Note), (1)(b)2., (1)(b)3., and (1)(b)4., and are amended to read:

NR 51.04 (1)(b)1. Applications for ~~stewardship grant assistance funding under this chapter~~ shall be submitted to the appropriate region office on forms provided by the department. The department may request more detailed information and may withhold evaluation of the application until the additional information requested has been received.

(1)(b)1. (Note) Note: Copies of application forms and instructions are available from the DNR, Bureau of Community Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/stewardship/grants.html>.

(1)(b)2. ~~The department may approve~~ Sponsors shall submit applications on the prescribed department form, as they come in ~~The department may approve applications when submitted,~~ year-round, to the extent that funds are available, or if substantially oversubscribed for available funding, the department may establish application deadlines for ~~individual components~~ subchapters of the stewardship program in order to ~~rate and rank evaluate and prioritize~~ competing applications.

(1)(b)3. The department shall ~~send~~ provide written notification to sponsors of the department decision regarding their applications after all application materials have been received and acted upon by the department.

(1)(b)4. The department may ~~make~~ provide a conditional decision to approve a project or award a grant, but withhold a final decision or grant payment until identified contingencies are satisfied.

Section 30. NR 51.04 (1)(a) and (1)(b)(intro.) are created to read:

8. Other materials in support of the nonprofit conservation organization's eligibility including brochures about the organization, newsletters, annual reports, copy of land acquisition policies, criteria for evaluation of land, or other materials.

Section 32. NR 51.04 (2)(b) is renumbered (2)(d) and is amended to read:

NR 51.04 (2)(d) The department may award a stewardship grant under this chapter to a sponsor after the sponsor has provided evidence satisfactory to the department that it has the financial capacity and the ability to acquire property and provide for its long-term management and maintenance.

Section 33. NR 51.04 (2)(am), (am)(Note), (b), (b)(Note), (c), and (e) are created to read:

NR 51.04 (2)(am): By April 30 of each year, the department shall establish and publish on its stewardship grant web site a cumulative federal and state funds threshold amount for which organizations will be required to annually submit items in par. (2)(a)1., (2)(a)2., and (2)(a)3..

(2)(am)(Note) Note: To view the stewardship grant website, please go to: <http://dnr.wi.gov/stewardship/grants.html>

(2)(b) Organizations shall have their boards of directors adopt a resolution indicating the organization's commitment to continual progress toward implementation of *Land Trust Standards and Practices*. Organizations shall submit the adopted resolution to the department.

(2)(b)(Note) Note: To obtain a copy of a sample resolution and learn more about the *Land Trust Standards and Practices*, please go to: <http://www.landtrustalliance.org>

(2)(c) An organization shall request grant eligibility on a form provided by the department.

(2)(e) The department may periodically review an organization's eligibility.

Section 34. NR 51.05 (title), (1)(intro.) and (2)(intro.), (b), (c), and (d) are amended to read:

NR 51.05 (title) Eligible and ineligible acquisition projects.

(1) ELIGIBLE PROJECTS. The department may award stewardship grants under this chapter to nonprofit conservation organizations for acquisition of all or some of the rights of property or a portion of property for the following:

(2) Property that is not eligible for grants includes INELIGIBLE PROJECTS. The department may not award stewardship grants for ineligible acquisition projects including:

(b) Any property that was acquired more than one year before a grant application is submitted for that property. Eligible parcels that are not awarded grants properties not funded in the fiscal year in which they are an application is submitted due to insufficient funds may be considered for funding in following subsequent fiscal years.

(c) Property Any property that is used or may be used for licensed game farms, fur farms, deer farms, shooting preserves, forest nurseries or experimental stations.

(d) Property Any property used for commercial or industrial purposes, except with prior written approval of the department for sponsor fundraising and other activities by project sponsors as approved by the department that protect or enhance the conservation values of the project.

Section 35. NR 51.06 (1), (4), and (5) are amended to read:

NR 51.06 (1) The department shall base its evaluation of acquisition projects on information submitted in the application as well as site visits and technical review comments. Property shall be evaluated and grants awarded according to criteria and priorities specific for the different purposes of the each stewardship grant program identified in s. NR 51.05.

(4) A higher priority may be placed on existing projects or large projects, which may be pursued in collaboration with others, where the multiple acquisition of adjacent parcels will provide greater benefit for natural resource conservation than single-parcel projects.

(5) A higher priority may be placed on projects that have been identified as important for natural resource protection in a comprehensive plan pursuant to s. 66.1001, Stats., the Wisconsin land legacy report, another plan that has as one of its purposes the protection of natural resources, or the natural heritage inventory database.

Section 36. NR 51.07 (1) is amended to read:

NR 51.07 (1) Stewardship grants shall be subject to the execution of a grant contract between the department and sponsor. The grant contract shall recognize the state's interest in

the property acquired and ensure that sponsors shall provide adequate land management, signage in accordance with s. 23.09165, Stats., and maintenance, or in the case of easements shall monitor and enforce the conditions of the easement, in accordance with provisions contained in the grant contract and in a land management plan approved by the department. The grant contract shall be recorded in the office of the register of deeds in the appropriate county.

Section 37. NR 51.07 (1d) is created to read:

NR 51.07 (1d) The sponsor shall declare the state's interest in the Stewardship property on the warranty deed or other appropriate instrument of conveyance recorded in the appropriate county register of deeds office, using language provided by the department.

Section 38. NR 51.07 (3)(intro.), (b), (c), and (e) are amended to read:

NR 51.07 (3) If the sponsor violates any condition of the grant contract identified as essential pursuant to s. 23.096 (5), Stats., and fails to correct it within 6 months after written notification from the department, it shall be a violation of the grant contract, and all title, right and interest held by the sponsor in and to the property shall vest in the state without the necessity of reentry or legal judgment. The following conditions of the grant contract are essential:

(c) ~~Property~~ The sponsor shall make property tax payments shall be made on time and ~~kept~~ keep taxes current unless property taxes are not required.

(e) Property acquired with a ~~stewardship~~ grant under this chapter may not be closed to the public unless the department determines that it is necessary to protect species of plants, wild animals or other natural features or if the right of public access is not acquired as part of the rights purchased with an easement.

Section 39. NR 51.07 (3)(f) is created to read:

NR 51.07 (3)(f) All grant applications and approved projects shall comply with the requirements for public access in ch. NR 52 and s. 23.0916, Stats.

Section 40. NR 51.07 (4) is amended to read:

NR 51.07 (4) ~~Additional~~ The department may include additional conditions and restrictions ~~may be contained~~ in the grant contract.

Section 41. NR 51.08 (intro.), (2), (2)(Note), (3)(Note), (4)(a), (4)(b)(intro.), (4)(b)2., and (4)(b)4. are amended to read:

NR 51.08 Grant payments for acquisition projects. The department may not approve grant payments to a sponsor until the following conditions have been satisfied:

(2) The department has ~~approved the~~ determined the fair market value of the property according to department appraisal guidelines ~~or as required by s. 23.0917 (7), Stats. and s. NR 51.006 (2).~~

(2)(Note) Note: The department's appraisal guidelines are available from the DNR, Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/land/facilities/documents/REContractAppraisalGuidelines.pdf>.

(3)(Note) Note: The department's environmental inspection report form is available from the DNR, Bureau of Community Assistance, Box 7921, Madison, WI 53707 or online at <http://dnr.wi.gov/org/caer/cfa/LR/Stewardship/forms.html>

(4)(a) Except as provided in par. (b), a final title insurance or other evidence of marketable title policy insuring the full fair market value of the property has been approved by the department and the interests of the state under the grant contract have been declared in a recorded instrument of conveyance.

(4)(b) Upon the request of the sponsor, the department may elect to pay out up to 100% of the grant award to a non-interest bearing escrow account before conveyance of the property to the sponsor if the department has approved the title commitment ~~or an attorney's opinion of title merchantability~~ and if the escrow holder has agreed to release the funds only under the following conditions:

(4)(b) 2. The escrow holder insures title to or receives title insurance for the property subject only to exceptions contained in the title commitment ~~which that~~ has been approved by the department; ~~or the escrow holder receives a department approved title opinion.~~

(4)(b) 4. ~~Funds shall be returned to the department~~ Escrow funds not used within 30 45 days of the closing date of department issuance shall be returned to the department if the closing does not occur as scheduled unless the department approves an extension.

Section 42. NR 51.09 (1)(a)4. is created to read:

NR 51.09 (1)(a) 4. Permit fees necessary for the completion for the project.

Section 43. NR 51.09 (1)(b), (1)(c)2., (3)(a), (3)(d), (3)(e), and (3)(f) are amended to read:

NR 51.09 (1)(b) Engineering or planning fees necessary to design and complete a project may be eligible and may be retroactive.

(1)(c) 2. The maximum value of donated, non-professional labor shall be equal to prevailing federal Wisconsin minimum wage requirements.

(3)(a) The department may provide an advance payment equal to 50% of the grant award if the sponsor provides proof that it has its share of the project costs.

(3)(d) The sponsor shall return any unexpended grant ~~monies~~ advances to the department within 90 days after project completion or the project period end date, whichever is sooner.

(3)(e) The department may withhold final payment of the grant amount until all project, legal and program requirements have been satisfied. ~~Accounting~~ The sponsor shall provide accounting for all stewardship grants shall be in accordance with generally accepted accounting principles and practices. ~~Financial~~ The sponsor shall maintain financial records

including documentation to support accounting records ~~shall be available~~ for review by state officials the department for a period of 4 years after final payment.

(3)(f) For projects that ~~continue longer than~~ are not complete in one year, the department may require the sponsor to submit one or more interim reports that contain details of progress and other information regarding the status of the project.

Section 44. NR 51.22 (6) is amended to read:

NR 51.22 (6) "Priority site list" means a list of sites existing and proposed natural area projects generated and revised periodically by the department based on the natural heritage inventory database, ~~if appropriate, and on the department review of proposed sites for natural area projects~~ state natural area program analyses, and other sources.

Section 45. NR 51.22 (6m) and (Note) are created to read:

NR 51.22 (6m) "Project" means an area, defined in writing, that the sponsor wants to acquire for a specific natural area purpose.

Note: A project normally contains several parcels but may contain just one.

Section 46. NR 51.24 is amended to read:

NR 51.24 **Grant conditions.** Grants awards awarded under this subchapter shall be made with the condition that the property shall qualify for dedication and be dedicated as a state natural area under ss. 23.27 and 23.29, Stats., except for those sites that the department may, with good cause, exempt from the dedication requirement. Good cause includes, but is not limited to, sites that are buffer areas, have deed restrictions, or contain potentially ephemeral natural values such as rookeries and bird concentration areas individual rare species populations.

Section 47. NR 51.25 (1) is amended to read:

NR 51.25 **Application procedure.** (1) APPLICATION DEADLINES. Deadlines are as stated in ~~subch. 1 s.~~ NR 51.04.

Section 48. NR 51.25 (2) is repealed and recreated to read:

(2) PROJECT APPLICATIONS. Applications shall include:

(a) A proposed site conservation and land management plan containing a discussion of the following:

1. The project's goals, including the conservation targets of the project, and the importance of the project from a local, regional, statewide, or global perspective.
2. A detailed site description, including natural features and their acreages, any rare species present, and the context in which the project fits into the landscape
3. A history of land use and past site disturbances.
4. The present and potential threats to the natural values of the project.
5. A justification of the long-term viability of the site including an explanation for why the natural area protection goals are realistic given the natural values to be protected, the size of the project, the surrounding land use, and the proposed land management plan.

6. The proposed public access to and allowable uses of the site, including those required in s. 23.0916, Stats.

7. The proposed rules or restrictions proposed by the sponsor, if any.

8. A description of land management objectives and strategies designed to achieve management goals and to maintain the site's natural values and natural processes, including methods for controlling invasive plant and animal species and a management implementation schedule.

9. A plan for any proposed facility developments, such as trails, signs, parking areas, or boardwalks.

(b) Available plant and animal species lists, natural heritage inventory records, ecological survey results, and any reports describing the site, its features, and its importance. Include citations to such data or to other sources of information that support the protection of the project.

(c) A detailed topographic map or aerial photograph showing the overall natural area boundary along with the boundary of the specific project and any specific use zones therein.

Section 49. NR 51.26 (intro), (1), (2), and (3) are amended to read:

NR 51.26 The department shall evaluate each project as follows by considering the following:

(1) If the A project that is within a boundary or boundaries approved by the department and is listed on the current state natural areas priority site list it shall be approved shall receive high priority for approval.

(2) If the A project that is not within the boundary of a current state natural area or listed on the current state natural areas priority site list, the department shall review proposed projects that are eligible be reviewed for natural area designation pursuant to s. 23.27 (1) (e) and (f), Stats. The criteria used to evaluate natural values of proposed project are as follows:

(a) The quality of the natural value values to be protected, including a comparison of the project with others and a consideration of the size, maturity, and unique attributes of the natural values.

(b) The condition of the natural value values to be protected, including an analysis of the degree to which the natural value has values have been damaged or altered from its their optimal condition and character.

(c) The long-term viability of the natural value values to be protected, including the extent to which the project meets the minimum area size required by area-dependent species of concern; the adequacy of the project to maintain community function and dynamics; the impacts that fragmentation, isolation and size of community may have on its longevity; and the ability of the project to support minimum viable populations of species to be protected.

(d) The defensibility of the natural value values and the project from adverse effects, both natural and anthropogenic, that threaten it.

(3) The criteria used to evaluate and rank proposed projects are as follows:

(a) The rarity of the natural value values to be protected as rated by the natural heritage inventory or other authority recognized by the scientific community.

(b) The number of natural values to be protected and their areal extent.

(c) The degree to which the natural value values and the project are threatened and the degree to which they are already protected.

(d) The value of the area for scientific research and conservation education.

(e) The degree to which acquisition, as opposed to other protection tools, will protect the natural value values.

(f) The degree to which ~~this type~~ these types of natural ~~value is~~ values are already protected in the state.

Section 50. NR 51.26 (3)(g) is created to read:

NR 51.26 (3)(g) The value of the site as an ecological benchmark or reference area.

Section 51. NR 51.27 is amended to read:

NR 51.27 Approval of parcels. In a given fiscal year, parcels within ~~the boundaries of~~ an approved project or projects on the current state natural areas priority site list shall be ~~funded unless there are more parcels than money available given a higher priority for funding~~ by the department.

Section 52. NR 51.28 is repealed

Section 53. NR 51.32 is amended to read:

NR 51.32 Definitions. In addition to the definitions in s. NR 51.002, the following definition applies to this subchapter: ~~“bluff”~~ “Bluff” means a hill, ridge or similar landform significantly elevated above the surrounding landscape, having a broad, steep face or cliff, and adjoining the shoreline or coastal lowlands of Lake Michigan or Lake Superior. “Bluff” includes an elevated landform having a steep face or bedrock cliff associated with the escarpment of Niagara dolomite within 6 miles of the Lake Michigan shoreline in Door and Brown counties.

Section 54. NR 51.35 is repealed.

Section 55. NR 51.40 is amended to read:

NR 51.40 Purpose. The purpose of this subchapter is to establish the administrative framework for the implementation of the habitat areas program to protect, enhance, and restore wildlife habitat in Wisconsin in order to expand opportunities for wildlife-based recreation. The goals of the program will be achieved through acquisition of property; and ~~habitat restoration and establishment of habitat restoration areas.~~

Section 56. NR 51.41 is amended to read

NR 51.41 Applicability. This subchapter applies to ~~the department’s habitat areas program under s. 23.092, Stats., and grants to nonprofit conservation organizations pursuant to s. 23.092, Stats., and 23.096, Stats., and conservation organizations pursuant to s. 23.197 (4), Stats.~~

Section 57. NR 51.42 (1) is repealed.

Section 58. NR 51.42 (2) is renumbered to NR 51.42 (1)

Section 59. NR 51.42 (3), (4) and (5) are renumbered to NR 51.42 (2), NR 51.002 (17d) and NR 51.002 (17m), and are amended to read:

NR 51.42 (2) “Habitat restoration grant” means a grant given ~~of stewardship funds under this subchapter~~ to a nonprofit conservation organization, nonprofit organization or conservation organization to undertake a habitat restoration project that includes the installation of land management practices

NR 51.002 (17d) “Land management practice” means a practice, technique or measure approved by the department ~~which~~ that is determined to be an effective, practicable means of protecting, restoring or enhancing wildlife or fish habitat.

(17m) “Landowner” means any individual, partnership, corporation, ~~municipality, city, village, town, county, tribe,~~ nonprofit organization, taxing authority or other person holding title to the land by ~~fee title in fee simple.~~

NR 51.42 (3) “Long-term” means planning to last longer than 3 years.

(4) “Timber Plantation” means a stand composed primarily of trees established by planting or artificial seeding.

(5) “Wildlife-based recreation” means activities where the primary purpose is the appreciation or enjoyment of wildlife and includes hunting, fishing, trapping, nature appreciation, and the viewing of game and non-game species.

Section 61. NR 51.43 is repealed and recreated to read:

NR 51.43 Designation of habitat areas. When the department issues a grant for a property acquisition under this subchapter, it has designated that property as a Habitat Area, pursuant to s. 23.092 (1m), Stats.

Section 62. NR 51.45 (1) is amended to read:

NR 51.45 Grants for property acquisition. (1) ELIGIBLE PROJECTS. Nonprofit conservation organizations may apply for stewardship grants to acquire property to protect, enhance or restore wildlife habitat. (a) Habitat area projects addressing the most pressing needs of wildlife in the state which have one or more of the following characteristics, shall receive preference for funding:

1. Places that contain or have the restoration potential for high priority wildlife habitat according to state, regional, or federal wildlife plans.

2. Places harboring unique or exceptional species or habitats for which Wisconsin plays a critical and central conservation role.

3. Places that provide critical landscape or ecosystem linkages.

4. Places that provide wildlife-based recreation.

(b) Secondary factors the department shall consider when evaluating projects include:

1. Places that have high levels of documented public and landowner support.

2. Places where acquisition efforts to protect conservation and recreation lands will complement, and be complemented by, local land use plans.

3. Places that are under imminent threat of loss or significant and long-term degradation

Section 63. NR 51.45 (2) is amended to read:

NR 51.45 (2) INELIGIBLE PROJECTS. Ineligible projects ~~which are not eligible to receive grants~~ include:

(a) Property containing or planned to contain buildings or other facilities designed for intensive recreational use ~~such as~~ including playgrounds, roads, picnic areas, boating and camping facilities, playing fields or shelters, and other uses that are not compatible with wildlife-based recreation, as defined under s. NR 51.42 (5), unless the facility occupies only a small portion of the property and the department determines it does not diminish the property's wildlife habitat value.

(b) Property which is intended to be used for long-term timber plantations.

(c) Property which is intended for long-term agricultural use.

Section 64. NR 51.45 (3) is repealed.

Section 65. NR 51.46 (1), NR 51.46 (3)(intro.), and NR 51.46 (4) are amended to read:

NR 51.46 **Habitat restoration grants.** (1) Conservation organizations may apply for habitat restoration grants to install land management practices ~~which~~ that restore or enhance wildlife habitat that meet the project characteristics in s. NR 51.45. ~~Habitat~~ The department shall provide habitat restoration grants shall be in an amount up to 50% of the cost of the habitat restoration project. Project sponsors may request an advance payment of up to 50% of the grant amount or they may request interim payments.

~~(3) Sponsor shall be selected to receive~~ The department shall award habitat restoration grants based on the following:

(4) Sponsors shall install and maintain land management practices in accordance with provisions contained in the habitat restoration contract which shall be recorded in the office of the county register of deeds and with a land management plan for the property referenced in the habitat restoration contract.

Section 66. NR 51.52 and 51.52 (Note) are amended to read:

NR 51.52 **Definitions.** In addition to the definitions in s. NR 51.002, the following definition applies to this subchapter: ~~“wild-lake”~~ “Wild lake” means a lake or flowage of at least 5 acres, or significant portions thereof, identified in the Wisconsin register of waterbodies, where human influence, such as structural development of its shorelands, is not significant or can be removed at costs deemed warranted by the department. If the waterbody is not found in the Wisconsin register of waterbodies database, department staff will make a determination on whether to add the waterbody to the register as a lake or flowage.

(Note) Note: The Wisconsin Register of Waterbodies, which is the state's official electronic database for identification of surface waters of the state, is maintained by the

Bureau of Fisheries Management and Habitat Protection and is available for inspection at the department's offices at 101 S. Webster Street, Madison, and at DNR service centers.

Section 67. NR 51.53(intro.), (7), (8) and (9) are amended to read:

NR 51.53 The department shall consider the following priorities for stewardship grants or department projects for acquisition of property, not listed in order of priority:

(7) ~~Degree~~ The degree to which the acquisition adds to previously acquired shorelands along the lake or the extent that the acquisition continues or completes a previously started project.

(8) ~~Extent~~ The extent to which the acquisition reduces fragmentation of terrestrial or aquatic habitat as evidenced by the proximity to other public lands, clusters of lakes, and linkages to other surface waters.

(9) Other unique features, including, but not limited to, natural scenic beauty, archaeological, geological or cultural features.

Section 68. NR 51.62 (intro.) and (1) are amended to read:

NR 51.62 Definitions. In addition to the definitions in s. NR 51.002, the following definitions apply to this subchapter:

(1) "Management plan" means a written plan describing conditions and activities which shall be enforced and allowed on property acquired by the department under s. 23.094, Stats., and as defined in s. NR 51.002 (17), for grant projects.

Section 69. NR 51.62 (2) is repealed.

Section 70. NR 51.63 (intro.) is amended to read:

NR 51.63 Priority stream identification. ~~Streams shall be identified by the department as~~ The department shall identify priority streams for department projects, using the following criteria, not listed in order of priority:

Section 71. NR 51.64 is amended to read:

NR 51.64 Management plans. ~~The department sponsor shall prepare a management plan for each stream or stream segment on which it intends to acquire stream bank property.~~ Grant projects require a department approved management plan that will be incorporated by reference into the grant contract.

Section 72. NR 51.65 (1)(intro), (5), and (6) are amended to read:

NR 51.65 (1) The following activities are prohibited on stream bank property acquired under this subchapter unless specifically approved by the department in the management plan:

(5) The department may allow installation and maintenance of management practices meeting USDA soil natural resource conservation service standards, such as cattle stream crossings, riprap and cattle watering areas, if the management practice does not conflict with the purpose of an easement.

(6) Public access to an eased area may be a condition of an easement if the public use does not conflict with the purpose of the easement.

Section 73. NR 51.66 is amended to read:

NR 51.66 Grants to nonprofit conservation organizations. The department may award grants to nonprofit conservation organizations to acquire property on stream corridors and within the watershed of the stream which meet the criteria established in s. NR 51.63.

Section 74. NR 51.70 (2) is amended to read:

NR 51.70 (2) The department may designate state trails ~~which~~ that meet the purposes of s. 23.175, Stats., as a part of the state trail system. The department may provide for or assist in the acquisition of state trails by nonprofit conservation organizations, and enter into agreements with nonprofit conservation organizations or governmental units for their development, administration and management.

Section 75. NR 51.72 (2) is amended to read:

NR 51.72 (2) “Certified” means the recognition and signing by the U.S. national park service of completed segments of the Ice Age trail as provided for in the Ice Age national scenic trail comprehensive plan for management and use, national park service, 1983.

Section 76. NR 51.72(2m) is created to read:

NR 51.72 (2m) “Managing cooperator” means the nonprofit conservation organization or governmental unit that owns or operates an acquisition as a state trail purchased with funds under this subchapter.

NR 51.74 (1)(d) In addition to the provisions in sub. (1), the department may acquire lands for the Ice Age trail out of ~~from~~ monies appropriated under s. 20.866 (2), Stats., and dedicate them under the provisions of s. 23.293, Stats. The department may acquire lands for the Ice Age trail as provided for in s. 23.293, Stats., only in project areas approved by the natural resources board.

Section 81. NR 51.74 (6) is renumbered 51.74 (2).

Section 82. NR 51.74 (2) (title) is created to read:

NR 51.74 (2) PURCHASE OF EQUIPMENT AND MAINTENCE OF THE ICE AGE TRAIL.

Section 83. NR 51.74 (6)(a) and (b) are renumbered (2)(a) and (b) and are amended to read:

NR 51.74 (2)(a) The department may expend funds received under the provisions of s. 20.370 (7) (fa), Stats., for the purchase of equipment and materials for the maintenance of the Ice Age trail. Purchase may include leasing under the provisions of s. 16.754 (1) (d), Stats.

(b) Portions of the Ice Age trail eligible for funding under this subsection are those under the ownership and management of the department, or those dedicated to the department under the provisions of s. 23.293, Stats., and managed by another party under the provisions of a management contract with the department, or recognized by the department, or certified by the U.S. national park service. Portions eligible for funding shall also meet the standards of the Ice Age national scenic trail. Sections where the trail overlaps developed, multi-use trails are not eligible for funding.

Section 84. NR 51.74 (6)(b)(note) is renumbered to NR 51.74 (2)(b)(note).

Section 85. NR 51.74 (6)(c) and (6)(c)(Note) are renumbered (2)(c) and (2)(c)(Note) and amended to read:

(2)(c) The department may expend the funds as grants. Nonprofit conservation organizations or governmental units managing portions of the Ice Age trail under the provisions of par. (b) may nominate maintenance projects on the appropriate department form, and include a cost estimate and supported by at least 2 quotes to support cost estimates for items above \$500.00. The grant amount shall be 50% of eligible project costs. Eligible project costs are defined in s. NR 51.09.

(Note) Note: The appropriate department form may be obtained from the Bureau of Community Financial Assistance, Department of Natural Resources, P.O. Box 7921,

Madison, WI 53707, and on line at
http://dnr.wi.gov/org/caer/cfa/Grants/Forms/8700001_fill.pdf

Section 86. NR 51.74 (6)(d) and (6)(e) are renumbered NR 51.74 (2)(d) and (2)(e).

Section 87. NR 51.74 (6)(f) is renumbered to (2)(f) and is amended to read:

NR 51.74 (2)(f) Upon signing the grant agreement, the sponsor may request up to 100% 50% of the grant amount. The department may require proof that the sponsor has the remaining funds needed for the project.

Section 88. NR 51.74 (6)(f)(note) and (6)(g) are renumbered to NR 51.74 (2)(f)(note) and (2)(g).

Section 89. NR 51.74 (6)(g)(note) is renumbered to NR 51.74 (2)(g)(note) and amended to read:

NR 51.74 (2)(g) **Note:** The appropriate department form may be obtained from the Bureau of Parks and Recreation, Department of Natural Resources, P.O. Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/caer/cfa/LR/Stewardship/forms.html>

Section 90. NR 51.75 (title), (intro.), (2), (5), and (13) are amended to read:

NR 51.75 Grant contracts or grant agreements.

51.75 Grant contracts or grant agreements between the department and sponsors for state trail acquisition and management shall, in addition to the requirements in subch. II, require the sponsor to:

(2) Specify which uses shall be permitted and managed for,

(5) Keep the state trail open for public use after completion of the land acquisition and development. If the state trail ever ceases to be used for state trail purposes, then all rights shall revert to the department without necessity of reentry or legal judgment. The department has no obligation to develop and operate the trail and all permanent improvements made to the trail by the sponsor or its agent shall become the property of the department.

(13) If the trail is also a part of the Ice Age trail or the North Country trail and it qualifies for certification as a component of a national scenic trail, the managing cooperators shall, upon completion of the trail development, and where feasible, apply to the U.S. national park service for certification as a component of the Ice Age national scenic trail, or North Country national scenic trail and sign the trail accordingly.

NR 51.85 Application and grant award procedures. (1) Applications for stewardship grants under this subchapter shall be submitted to the department property manager on forms provided by the department. Applications shall include a detailed description of the proposed project, a cost estimate, timetable and other information required by the department.

Note: A copy of the application form may be obtained from the DNR, Bureau of ~~Community Financial Assistance~~ Parks and Recreation, Box 7921, Madison 53707; and on line at <http://dnr.wi.gov/org/caer/cfa/LR/stewardship/5500112.pdf>

(2) The department shall establish one or 2 application deadlines each year and shall evaluate and prioritize applications received by those deadlines according to the priorities in this subchapter. ~~Funds shall be allocated~~ The department shall allocate funds to projects based upon their priority until all funding is exhausted. Sponsors whose projects are not funded will receive an explanation of eligibility or priority ranking results. Sponsors may request that their projects be reconsidered in another fiscal year if the project is eligible for funding. Resubmissions will be judged without prejudice or preferential priority.

(3) ~~Grant applications shall be developed~~ Sponsors shall develop grant applications cooperatively with the department property manager.

(4) ~~Any~~ The department is responsible for any environmental assessments, historical or cultural assessments, permits and miscellaneous approvals required to implement the project shall be the responsibility of the department. ~~Work-Friends groups may not begin work until all applicable permits have been obtained.~~

(6) The department may advance up to 100% of the grant payment award to the sponsor once the sponsor ~~provides documentation that it has its share of project costs~~ has signed the grant agreement and returned it to the department. The department shall only provide one advance to a sponsor for each grant awarded under this subchapter. If the department does not provide an advance totaling 100% of the grant award, a sponsor may request partial reimbursement from the department of the grant award balance only after that sponsor has submitted to the department all documentation to justify costs associated with the expenditure of the entire advance. Sponsors requesting partial reimbursement shall do so in increments of not less than ten percent (10%) of the total grant award. Sponsors shall provide adequate documentation in support of their partial reimbursement request before the department considers the request. Sponsors may submit partial reimbursement requests to the department at any time after an advance is issued and before submitting a final report for the project.

(7) ~~Projects may be completed~~ Sponsors may complete projects in up to 3 phases and funded for a maximum of 3 fiscal years, subject to the project's annual priority ranking and availability of funds. No sponsor may receive more than \$60,000 under this subchapter for

any one project that is completed in phases. A sponsor shall complete a usable component of the project at the end of each phase. The department ~~may~~ shall require that one phase be completed and that grant closed out before it awards a grant for the next phase.

(8) Each sponsor that receives a grant award ~~under this subchapter~~ shall maintain accurate and complete financial records of project expenses in accordance with generally accepted accounting principles and practices. A final report, which documents project expenses, shall be submitted to the department property manager within 90 days of the completion of the project or by the end date indicated in the grant agreement, whichever is sooner. Upon completion and submittal of the final grant report, the department shall reimburse remaining grant funds for which the sponsor is eligible. If expenses for the project are less than estimated, the sponsor shall return any unused grant funds advance with the final report. Sponsors that have not submitted a final report or returned unused advances within 90 days of the completion of the project or by the end date indicated in the grant agreement will not be eligible for new grant awards under this chapter until the past-due grant is closed out.

Section 168. Subchapters XVII, XVIII, and XIX are created to read:

Subchapter XVII — County Forest Grants

NR 51.960 Purpose and Applicability. (1) **PURPOSE.** The purpose of this subchapter is to establish procedures and standards for the administration of grants to counties for acquisition of land pursuant to s. 23.0953 (2) (a) 1., Stats.

(2) **APPLICABILITY.** This subchapter applies to counties seeking financial assistance from the department under s. 23.0953 (2) (a) 1, Stats., to acquire land for a county forest under s. 28.11(4), Stats., that have entered into a memorandum of agreement with the department under s. NR 51.963.

NR 51.961 Definitions. In addition to the definitions in s. NR 51.002, the following definitions apply to this subchapter.

(1) "County forest comprehensive land use plan" has the meaning given in s. 28.11 (5), Stats.

(2) "Matching funds" means the portion of the acquisition cost which is not funded by the state, except as provided for in this subchapter.

NR 51.962 Eligible applicants, eligible and ineligible projects, and matching funds.

(1) **ELIGIBLE APPLICANTS.** Only counties that have land entered in the county forest law program under s. 28.11(4), Stats., may apply to the department for a grant under this subchapter.

(2) **ELIGIBLE PROJECTS.** Eligible projects under this subchapter are the fee simple acquisition of land for a county forest under s. 28.11, Stats.

(3) **INELIGIBLE PROJECTS.** Projects ineligible for grants under this subchapter include:

(a) Any property that has restrictions or other covenants that prevents or limits the property from being managed under s. 28.11(1), Stats., or s. 23.09(2)(d), Stats., or that would preempt the department's reversionary interests.

(b) Any property that was acquired more than one year before a request for funding under this subchapter is submitted to the department.

(c) Any property that is used or may be used for licensed game farms, fur farms, deer farms, shooting preserves, forest nurseries or experimental stations.

(d) Any property used for commercial or industrial purposes inconsistent with the purposes of the county forest law under s. 28.11(1), Stats.

(e) Any property with a perpetual easement for a use inconsistent with the purposes of the county forest law set forth in s. 28.11(1), Stats., and this subchapter.

(4) MATCHING FUNDS. (a) To receive a grant under this subchapter, counties shall contribute matching funds that are equal to at least 50% of total eligible costs. Notwithstanding s. NR 51.006(3)(a), eligible sources of matching funds shall include any combination of the following:

1. Cash from the county.
2. Funds generated by local or federal governments.
3. Grants or contributions from foundations, businesses, private individuals or nonprofit organizations.
4. County forest loans, as provided under s. 28.11(8)(b), Stats.
5. The amount of the difference between the fair market value of the land being acquired by the county, as determined by a department-approved appraisal, and the price for which the land was purchased, if the price is less than the fair market value.
6. The fair market value of land already in public ownership acquired by the county not more than one year prior to the date the county submits an application for funding under s. NR 51.966, if the department determines that land is suitable as stewardship program match, and if land is within the blocking boundary of the county forest as depicted in the county forest comprehensive land use plan under s. 28.11(5)(a), Stats., and eligible for county forest entry under s. 28.11(4)(b), Stats.
7. Fifty percent of the fair market value of land owned by the county at the time of application that was acquired by the county more than one year prior to the date the county submits an application for funding under s. NR 51.966, if the department determines that land is suitable as stewardship program match, and if land is within the blocking boundary of the county forest as depicted in the county forest comprehensive land use plan under s. 28.11(5)(a), Stats., and eligible for county forest entry under s. 28.11(4)(b), Stats.

(b) Land used as match shall be entered into the county forest law under s. 28.11(4), Stats., within one year of the date of stewardship grant award.

NR 51.963 Memorandum of agreement. In order to be eligible for grants under this subchapter, counties shall enter into a memorandum of agreement with the department.

Note: Memorandum of agreement is available from DNR Division of Forestry, Bureau of Forest Management, County Forest Specialist – FR/4, 101 S. Webster St., P.O. Box 7921, Madison, WI. 53707-7921

NR 51.964 Program criteria, application ranking, and funding availability.

(1) PROGRAM CRITERIA AND APPLICATION RANKING. The department shall consider the following broad criteria as well as specific indicators referenced in the memorandum of agreement in s. NR 51.963 when evaluating and ranking applications submitted under this subchapter.

- (a) All the purposes identified in s. 28.11(1), Stats.
- (b) Whether the project has regional or statewide significance including recreational trail connectivity, watershed protection, the presence of regionally important wildlife or communities as identified in the natural heritage database or a conservation opportunity area as identified in the wildlife action plan.
- (c) Degree to which the site is threatened by development or conversion to other land use.

(d) Whether the project is within the county forest acquisition boundary identified in the county forest comprehensive land use plan.

(e) Whether the project is identified as an important acquisition within an existing plan or database including the land legacy report, statewide forestry plan, forest legacy plan, county outdoor recreation plan, county forest comprehensive land use plan, natural heritage inventory database, or other similar plans.

(2) **FUNDING AVAILABILITY.** The department shall provide notice of the annual maximum funding allotment from s. 23.0917(3), Stats., to counties through the processes defined in the memorandum of agreement identified in s. NR 51.963. Any portion of each year's funding allotment not awarded by the following February 28 shall revert to the department for land acquisition under s. 23.0917(3), Stats.

NR 51.965 Eligible and Ineligible Costs. (1) **ELIGIBLE COSTS.** Eligible costs include all the components under ss. NR 51.002 (1) and NR 51.006(2). The department shall consider as eligible those project costs incurred up to one year before the date the grant application is submitted, provided that the county can demonstrate a need to proceed with the purchase at the earlier time.

(2) **INELIGIBLE COSTS.** Costs not listed as eligible shall not be funded by a grant under this subchapter. Ineligible costs include environmental clean up costs, brokerage fees paid by the buyer, real estate transfer taxes, or any other cost not identified in ss. NR 51.002 (1) and NR 51.006(2).

NR 51.966 Application Content and Application Deadline.

(1) **APPLICATION CONTENT.** To apply for a grant under this subchapter, eligible applicants shall submit applications to the department as stipulated in the memorandum of agreement referenced in s. NR 51.963.

(2) **APPLICATION DEADLINE.** The department shall accept applications throughout the year as stipulated in the memorandum of agreement under s. NR 51.963.

NR 51.967 Application reviews, appraisals, legislative review, and calculating grant award. (1) **APPLICATION REVIEW.** The department shall only consider complete applications. If the department finds that an application is incomplete, the department shall request missing information from the county. The department may also request from the county more detailed information deemed necessary for review of the application. The department shall base its evaluation of applications on information submitted in the application as well as site visits and technical review comments. Property shall be evaluated and grants awarded according to criteria and priorities identified in the memorandum of agreement referenced in s. NR 51.963.

(2) **APPRAISALS.** For property valued less than \$350,000, the county shall order one appraisal. No appraisal ordered by the seller shall be accepted. If the property value is more than \$350,000, the department shall order a second appraisal.

(3) **REVIEW BY THE WISCONSIN LEGISLATURE.** Any grant awarded under this chapter shall be reviewed by the joint committee on finance of the Wisconsin legislature if the award amount requires legislative approval pursuant to s. 23.0917 (6m)(c), Stats..

(4) **CALCULATING GRANT AWARD.** The department shall calculate the grant award amount in accordance with s. 23.0917(7), Stats. The department shall issue grant awards not to exceed 50% of the eligible costs.

NR 51.968 Grant contract, contract conditions, contract violations, and project signage. (1) GRANT CONTRACT. The department shall formalize each grant award by issuing a grant contract to each successful county. The grant contract recognizes the department's interest in the property acquired and ensures that the county provides adequate land management and maintenance in accordance with the county forest comprehensive land use plan. The county shall record the grant contract on the property deed at the county register of deeds office where the property being purchased is located.

(2) CONTRACT CONDITIONS. (a) A county acquiring property with a grant under this subchapter shall meet the requirements of s. 28.11, Stats. Further, within one year of the execution of a grant contract, the county shall enter the property and any property used to meet the matching funds requirement of this subchapter into the county forest law program as stipulated in s. 28.11(4), Stats., and amend its county forest comprehensive land use plan as required by s. 28.11(5), Stats. The county's failure to comply with this provision shall result in termination of the grant contract by the department and all title, rights and interest held by the county in and to the property shall vest in the state without the necessity of reentry or legal judgment. Properties entered into the county forest law program shall be subject to management review afforded by ss. 28.11(5) and 28.11(6), Stats.

(b) The county may not convert any property acquired under this subchapter to any use other than that provided under s. 28.11, Stats., unless the property is withdrawn from county forest law as approved in writing by the department and provided under s. 28.11(11), Stats. In such an instance, the county shall replace the property with a different one of at least equal value and benefit to the county forest law program as the property withdrawn.

(c) The county may not convey any permanent interest or encumbrance in property acquired under this chapter to a third party through the use of a lease or easement inconsistent with the purposes set forth in s. 28.11(1), Stats., and this subchapter. The county may allow temporary non-exclusive use permits.

(d) A county receiving a grant under this subchapter may not discriminate against any person in the use and enjoyment of the property on the basis of age, race, creed, color, handicap, marital status, conviction record, arrest record, gender, national origin, ancestry, sexual orientation or membership in the national guard, state defense force, or any other reserve component of the military forces of the United States or this state.

(3) CONTRACT VIOLATIONS. If a county violates an essential condition of the grant contract, as identified in the grant contract, and fails to correct that violation within 6 months after written notification from the department, the county shall be in violation of the grant contract, and all title, right and interest held by the county in and to the property shall vest in the state without the necessity of reentry or legal judgment.

(4) PROJECT SIGNAGE. A county receiving a grant under this subchapter shall acknowledge the state's assistance in acquiring fee title ownership of the property by placement of signs or in any other manner as approved by the department. Signage shall be in compliance with s. 23.09165 (3), Stats.

NR 51.969 Grant payments. (1) The department shall provide grant payment in the form of an escrow check if requested by the county.

(2) The department may issue final grant payments for miscellaneous costs after the following conditions have been satisfied:

(a) The county has submitted a reimbursement request on a form provided by the department. The county shall attach to the reimbursement request all receipts, cancelled checks, and other supporting documentation related to the project. The county shall use generally accepted accounting principles and practices in its administration of the project.

The county shall retain all financial records associated with the project for a period of 4 years after the department issues final payment.

Note: Reimbursement request forms are available from any department region office or the DNR Bureau of Community Financial Assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/caer/cfa/LR/Stewardship/forms.html>.

(b) The county has complied with all requirements and conditions under this subchapter and the grant contract.

(3) The county shall submit all claims for payment on department prescribed forms within 6 months of the project period end date.

(4) The department may withhold final payment of the grant amount until the county has complied with all project, legal and program requirements.

Subchapter XVIII — Grants to Counties Assisting the Department

NR 51.970 Purpose and Applicability. (1) **PURPOSE.** The purpose of this subchapter is to establish procedures and standards for the administration of grants to counties for acquisition of land or rights in land pursuant to s. 23.0953 (2) (a) 2., Stats.

(2) **APPLICABILITY.** This subchapter applies to counties assisting the department with any land acquisition project under s. 23.0917 (3), Stats.

(1) **ELIGIBLE PROJECTS.** Projects eligible for grants under this subchapter are title in fee simple or conservation easement acquisition of land for the purpose of conservation or providing nature-based outdoor activities as defined in s. 23.09 (2) (d), Stats.

(2) **INELIGIBLE PROJECTS.** Projects ineligible for grants under this subchapter include:
(a) Any property that has restrictions or other covenants that prevent or limit the property from being managed for conservation or public recreational purposes under s. 23.09 (2) (d), Stats., or that would preempt the department’s reversionary interests.

(b) Any property that is used or may be used for licensed game farms, fur farms, deer farms, shooting preserves, forest nurseries or experimental stations.

(c) Any property used for commercial or industrial purposes.

NR 51.974 Eligible and Ineligible Costs. (1) **ELIGIBLE COSTS.** Eligible costs include all the components under ss. NR 51.002 (1) and NR 51.006(2). The department shall consider as eligible those project costs incurred up to one year before the date on which the department requested assistance in writing, provided that the county can demonstrate a need to proceed with the purchase at the earlier time.

(2) **INELIGIBLE COSTS.** Costs not listed as eligible shall not be funded by a grant under this subchapter. Ineligible costs include environmental clean up costs, brokerage fees paid by the buyer, real estate transfer taxes, or any other cost not identified in s. NR 51.002 (1).

NR 51.975 Project Data and Matching funds. (1) PROJECT DATA. No application is required by counties that are assisting the department.

(a) The department shall provide the following:

1. A comprehensive description of the property to be acquired, including proposed land use, future operation and maintenance plans, and public access provisions consistent with ch. NR 52.

2. A map of the property that identifies items such as land forms, water features, forest types, trail systems and wildlife habitat.

3. A completed checklist as provided under s. NR 52.03 (2) (a).

4. An estimate of eligible project costs as provided under s. NR 51.965 (1).

5. A real estate option or offer to purchase signed by the seller.

6. A letter of intent, signed by the department secretary or its designee, addressed to the county, indicating the department's commitment with regard to the parcel in question.

(b) The county shall provide the following:

1. Proof of matching funds for the project, consistent with s. NR 51.975 (2).

2. A resolution approved by its governing body that indicates the county's willingness to assist the department and the availability of matching funds.

3. A management plan for the property developed by the county.

(2) MATCHING FUNDS. To receive a grant under this subchapter, counties shall contribute matching funds that are equivalent to at least 50% of total project costs. Notwithstanding s. NR 51.006(3)(a), eligible sources of matching funds shall include any combination of the following:

(a) Cash from the sponsor.

(b) Funds generated by local or federal governments.

(c) Grants or contributions from foundations, businesses, private individuals or nonprofit organizations

(d) The amount of the difference between the fair market value of the land being acquired by the county, as determined by a department approved appraisal, and the price for which the land was purchased, if the price is less than the fair market value.

(e) The fair market value of land or land rights already in public ownership acquired by the county not more than one year prior to the date the department submits a request in writing to the county under s. NR 51.972, if the department determines that land is suitable as stewardship program match.

(f) Fifty percent of the fair market value of land or land rights owned by the county at the time of application that was acquired by the county more one year prior to the date the department submits a request in writing to the county under s. NR 51.972, if the department determines that land or land rights are suitable as stewardship program match.

NR 51.976 Grant Contract and Contract Violations. (1) GRANT CONTRACT. The department shall formalize each grant award by also issuing a grant contract to each successful county. The grant contract shall recognize the department's interest in the property acquired and shall ensure that the county provides adequate land management and property maintenance in accordance with the management plan submitted to the department. The county shall record the grant contract on the property deed at the county register of deeds office.

(2) CONTRACT VIOLATIONS. If a county violates any condition of the grant contract and fails to correct that violation within 6 months after written notification from the department, the county shall be in violation of the grant contract, and all title, right and interest held by

the county in and to the property shall vest in the state without the necessity of reentry or legal judgment.

NR 51.977 Grant payments. (1) The department shall provide grant payment in the form of an escrow check if requested by the county.

(2) The department may issue final grant payments for miscellaneous costs after the following conditions have been satisfied:

(a) The county has submitted a reimbursement request on a form provided by the department. The county shall attach to the reimbursement request all receipts, cancelled checks, and other supporting documentation related to the project. The county shall use generally accepted accounting principles and practices in its administration of the project. The county shall retain all financial records associated with the project for a period of 4 years after the department issues final payment.

Note: Reimbursement request forms are available from any department region office or the DNR bureau of community financial assistance, Box 7921, Madison, WI 53707, or online at <http://dnr.wi.gov/org/caer/cfa/LR/Stewardship/forms.html>

(b) The county is in compliance with all requirements and conditions under this subchapter and the grant contract.

(3) The county shall submit all claims for payment on department prescribed forms within 6 months of completion of the project or the project period end date, whichever comes first.

(4) The department may withhold final payment of the grant amount until the county has complied with all project, legal, and program requirements.

Subchapter XIX —Grants for Recreational Boating Aids

NR 51.980 Purpose. The purpose of this subchapter is to establish procedures and standards for the administration of grants pursuant to s. 30.92, Stats., that are funded under s. 23.0917 (4j), Stats.

NR 51.981 Applicability. This subchapter applies to all grants awarded under s. 23.0917(4j), Stats.

NR 51.982 Definitions. Definitions for this subchapter are found in s. NR 7.02, except "Local Governmental Units" has the definition given in s. 23.0917 (4j) (a), Stats.
