Title: Gun Control

The Problem:

Many citizens and elected representatives across this country are going after our Federal and State Rights to Keep and Bear Arms. These citizens are being made to believe that certain firearms have no value in harvesting game. Some feel certain firearms are evil, which should be kept away from honest law-abiding citizens.

Founders of this country had many solid reasons on creating the second amendment. The Second Amendment was created to allow citizens equipped with firearms to go to war with as well as to protect themselves and others from wrong doers

It is the law of averages that bad people will always commit crimes and have in their possession firearms. The people must work together in this modern time to have better background checks and mental health background evaluations.

BE IT RESOLVED, that the Conservation Congress at its annual meeting held in Buffalo County on April 8, 2013, recommends that the Conservation Congress work with the Department to gather public opinion by placing question(s) in the 2014 Spring Hearing Questionnaire on our Constitutional Rights To Keep and Bear Arms.
