April 11, 2016

Resolution Regarding: Northern Wisconsin's Muskie Season.

The Problem:

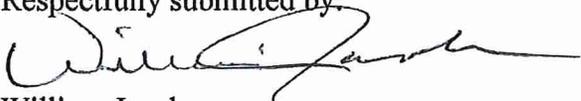

The State of Wisconsin's Northern Muskies season (North of State Highway 10) ends on November 30, while the Southern Muskie season (South of State Highway 10) ends on December 31..

With Global Warming (Climate Change) effecting northern Wisconsin's lakes to ice up later each year, a later closing would allow Muskie fisherpersons to pursue their passion and simplify Wisconsin's Muskie closing, and would end confusion over what lakes are affected.

ALLOW NORTHERN WISCONSINS MUSKIE SEASON TO CORRESPOND WITH SOUTHERN WISCONSINS CLOSING ON DECEMBER 31 OF EACH YEAR.

Be it resolved that the Conservation Congress at its annual meeting in Vilas County on April 11, 2016 recommends to the Department of Natural Resources to take action to correct this situation by introducing a rule change allowing this to occur.
