Dear Operator:

A federal mandate (Federal Reform Act of 1996) requires all people certified in Wisconsin to provide their social security number to help the state collect child support from parents who are delinquent in their payments and back taxes. The federal mandate requires the DNR to deny application of operators whose social security numbers we do not have on file (s.299.08 Wis. Stats.).

By requesting the social security number on this form separate from applications or renewals, the Department is taking an extra step to assure the confidentiality of this information. I hope that by providing these extra security measures I can make complying with this federal and state requirement convenient for you while assuring you of the confidentiality of this sensitive personal information.

Sincerely,

Lisa Bushby, Operator Certification Coordinator
Bureau of Science Services
608-266-0498
