

Urban Wildlife Damage Abatement and Control (UWDAC) Grant Program

Timeline

October 1	Grant application period opens
December 1	UWDAC grant applications must be received by DNR
Early January	Final funding list determined. Grant agreements mailed to successful applicants.
30 days from receipt of grant agreement	Signed grant agreements due back to DNR
One (1) year from date of grantee signature	Grant expiration date (if the project is in the development of an urban wildlife population control plan, approved by the DNR)
Two (2) years from date of grantee signature	Grant expiration date (if the project is the implementation of a DNR-approved urban wildlife population control plan)

Application Checklist

An application is complete only when all the following required information arrives at the DNR prior to December 1.

___ Completed, signed, and dated Urban Wildlife Damage Abatement and Control grant application.

___ A signed and dated resolution. *NOTE:* If you submitted a resolution with a prior grant application that specifically stated, "County board does hereby appropriate a matching allocation for such projects and such appropriation shall continue as long as state matching aids are available, or until this resolution is modified by this Board...", then you do not need to submit another resolution with this application.

___ A map of the plan or project area.

___ Wildlife plan. *NOTE:* A wildlife plan may not be required at this time if you are using grant funds to develop a wildlife plan.

___ Urban Wildlife Damage Abatement and Control grant wildlife plan worksheet.

___ Mail all of the above to:
