## Wisconsin DNR Dam Safety and Floodplain Management Program Directory of Consultants and Contractors

The Wisconsin Department of Natural Resources Dam Safety and Floodplain Management Programs do not mean to imply that this list is complete. Any omission of consultants on this list should not be taken as criticism; additional qualified consultants are available in Wisconsin. This list is in no way an endorsement of these engineers or consultants, but rather is a resource for property or dam owners who need to contact a consulting engineer and/or contractor for dam maintenance, hydrology and/or hydraulics. Property owners are encouraged to ask for references whenever hiring an engineering consultant or contractor. Consultants wishing to be added to this list, or to correct information, should contact: [DNRDamSafety@wisconsin.gov](mailto:DNRDamSafety@wisconsin.gov).
