

# How to search for Water Permits through the DNR Website

## 1. Go to <http://dnr.wi.gov/permits/water/>

The screenshot shows the DNR website's 'Water permit applications' page. The page has a blue header with navigation links: Business, Licenses & Regulations, Recreation, Env. Protection, Contact, and Join DNR. A search bar is located on the right. The main content area features a list of actions: Register, Begin, View, Track, and Learn, each with a brief description. A photograph of a slough is on the right. A note at the bottom indicates that a WAMS ID and password are needed for some actions.

**Water permit applications**

For some of our permits, submit applications and other forms to the DNR online. Get a WAMS ID, complete an application, sign and pay fees in a few steps. Track permits and know exactly where they are in the permitting process. Follow us as we add more permits to our online system.

- Register** for a [WAMS ID](#) to access our SharePoint site to complete an online application.
- Begin** a new or edit an existing application, sign and pay fees online.\*
- View** public notices of the DNR's intention to authorize activity relating to water, including permits issued to the DNR.
- Track** the status of Wisconsin water permits.
- Learn** with instructional videos and user guides.

\* = WAMS ID and password needed to log in.

Water permit activities are listed by category and include electronic and paper submittal options.

- ▼ [Agricultural livestock operations](#)
- ▼ [Aquatic plant management](#)
- ▼ [Dams](#)
- ▼ [Storm water](#)
- ▼ [Wastewater](#)

## 2. Click on 'Track'

This screenshot is identical to the first one, but with a yellow arrow pointing to the 'Track' button, which is also highlighted with a yellow box. This indicates the step to click on 'Track' to view the status of water permits.
