Celebrate Clean Air Month at the Clean Air Extravaganza

Join the Wisconsin Partners for Clean Air (WPCA) on May 26 for the thirteenth annual Clean Air Extravaganza. WPCA steering committee member Godfrey & Kahn S.C. is this year's host, and will be showcasing their new office in downtown Milwaukee (833 E. Michigan St.) for the event. The celebration will feature the presentation of the annual Recognition Awards and Commuter Champion Award to honor businesses taking voluntary, innovative actions or providing extensive commuter benefits to help improve air quality. A presentation highlighting the new Lakefront Gateway, a project set to improve downtown Milwaukee's lakefront and its connections to the surrounding area, is scheduled. City of Milwaukee's Department of City Development Commissioner, Rocky Marcoux, and GRAEF engineering representatives, John McCarthy and Pat Kressin, will share details about this exciting project designed to reinvigorate the lakefront and downtown.

Your attendance is welcomed to celebrate the successes achieved by WPCA and improvements on Lake Michigan's horizon. Please RSVP by May 19. To RSVP or for more event information please call contact Peter McMullen at (414) 263-8751 or peter.mcmullen@wisconsin.gov or visit <http://www.cleanairwisconsin.org/extravaganza.php>.
