Enforcement status

Smart Sand received a Notice of Violation on November 9, 2012. Smart Sand immediately met with DNR staff and provided multiple remediation plans and documents to the Agency for review and consideration. Smart Sand has met all of the conditions set forth in the Notice of Violation correspondence. This response by Smart Sand has alleviated the need for additional enforcement requests or environmental penalties/forfeitures. Smart Sand has an open and transparent operation and DNR staff is welcome to visit and inspect the site at any time.
