<b>Totals - 2nd round</b>	Prohibited			Restricted			Watch			Non-restricted	
Number of votes	11			0			0			0	

### Final Recommended Classification :

**Prohibited**

### Comments

- 8-Very difficult to control if it becomes established.
- 5-Eradication of these algal species not possible, however.
- 2-wish he had more info about Wyoming situation.
- 6-spread in Texas and Arizona, lots of damage down.
- 11-unsure about establishment potential, but if it's in WY, that's very similar in latitude.
