5. Socio-economic impacts	4	4	3	4	1	4	4	4	4								
Totals - 1st round	Prohibited			Restricted				Watch				Non-restricted				Insufficient Information	
Number of votes for each classification	xxxxxxxx																

Comments: 3 - Not hardy and not commercially grown 4 - If it was hardy it would be bad. 5 - It probably won't be able to live here, but the potential of becoming impossible to control once established should keep it out of WI. 7 - Do we really know the hardiness, could become a problem if hardiness changes.

Ratings for Criteria - 2nd round	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	Total #	Average
1. Current status and distribution																	
2. Establishment potential																	
3. Damage potential																	
4. Prevention and control potential																	
5. Socio-economic impacts																	
Totals - 2nd round	Prohibited			Restricted				Watch				Non-restricted				Insufficient Information	
Number of votes for each classification																	

Final Recommended Classification : Prohibited
