

File# FO 82 K - Oneida County - 4.85 acres

The Department acquired this property as a part of a larger acquisition in 1907 for the American Legion State Forest.

The Department has not invested in infrastructure or habitat improvements on the property. There is currently an existing snowmobile trail crossing the property. There appears to be a cloud on the title to this property that may render it of little value to a private owner. The cloud relates to retained flowage and transportation corridor rights and may be difficult to clear.

The Department recommends that this land be retained.
