Peshtigo River State Forest Remote Camping Information

Rules and Regulations

- A free permit is required before setting up camp. Contact the state forest office to receive a permit.
- Camping is permitted at designated sites only.
- Do not cut or damage living trees or shrubs.
- No more than 6 persons on a site.
- Currently, there are no marked hiking trails to the sites. Hikers can follow volunteer trails or use the GPS coordinates to find the sites.
- Camping is limited to one night only.

Safety Information

- Every watercraft must carry a US Coast Guard approved wearable lifesaving device for each person onboard. Passengers should wear their life jackets at all times.
- Confine campfires to the fire ring, and watch children closely near the fire. Make sure the fire is completely out and the fire ring is cool to the touch before leaving the area.
- There is no potable water located nearby.
- Never eat berries or plant materials unless you are certain of their identity.
- Please do not leave your garbage “for the next camper.” Typically, this is not appreciated and can distract from the rustic setting. Please leave the forest cleaner than when you arrived.
