Subject: BRSF Timber Sale Bid Opening

Dear Potential Bidder:

There are a couple of changes to this year's bid opening I would like to outline. The first is that no bid bond will be required for any submitted bid. Winning bidders then must submit an acceptable performance bond within 6 weeks of the bid opening.

The second change is that all sales on the Brule River State Forest will be sold by the ton, not by the cord. The conversions used will be listed in the timber sale contract; for your reference listed below are the conversions for the species listed in this bid opening:

CORDWOOD WEIGHT CONVERSION FACTORS

TONS PER CORD

<u>Species</u>	<u>Weight:</u>
Red pine	2.25
Jack pine	2.125
Balsam	2.125
Spruce	2.0
Red oak	2.75
Mixed Hardwood	2.3
White birch	2.4
Ash	2.3
Soft maple	2.275
Aspen	2.25
Scrub Oak	2.75

Sincerely,

Eric Serrine
Forester
Brule River State Forest

Enc.

Brule River State Forest Timber Sale Information

Sealed bids will be received at the Brule River State Forest Office, 6250 S. Ranger Rd., Brule, WI 54820, up to 3:00 p.m., Wednesday April 23, 2014 and will be opened immediately thereafter for timber stumpage described in this prospectus. This bid opening will be held for tracts 02-12, 07-12, 09-12, 11-12, 12-12, 13-12, 01-13, 03-13, 04-13, 07-13, 08-13, 09-13, 11-13, and 13-13 on the Brule River State Forest, and for tracts M1-14 and M2-14 (Maple School Forest), and 01-14, 02-14, and 03-14 (White River Fisheries Area) from other state DNR or public property. Sealed bids will be accepted by the Brule River State Forest office until 3:00 p.m., Wednesday April 30, 2014 for any tracts not sold on Wednesday April 23, 2014.

1. Bidding Procedure for Timber Sales
 - a. Bids will be made by species for each tract; however, a minimum bid for each species is not published. Wisconsin DNR Timber Sale Bid Forms must be used to make bids.
 - b. Estimated volumes used on individual sale prospectus maps are based on a four inch (4") top diameter. Tracts 02-12, 11-12, 13-12, 01-13, 07-13, and 08-13 (BRSF) will be offered at a less than four inch (4") top diameter utilization, use volumes as listed on individual sale map.
 - c. The **high bidder** will be determined by the **greatest total bid** for each tract.
 - d. Bids will be opened in random order from a draw of the hat.
 - e. **Bidders in attendance** can remove their bid from consideration before each individual tract is opened.
2. Bids may be made on one or more tracts
3. Submit bids in individual sealed envelopes marked "Bids for Timber Stumpage" with the tract number and timber sale name on the outside.
4. A per unit bid must be made on every item on a tract.
5. No bid bonds will be required for any submitted bid. Winning bidders must submit an acceptable performance bond within 6 weeks of the bid opening. If the winning bidder fails to execute the contract and submit an acceptable performance bond, the bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state timber sales for a two-year period.
6. A **Performance Bond or Letter of Credit** is required before awarding of contract. The bond shall be fifteen percent (15%) of the total bid value or a **minimum of \$1000.00**. The bond will be held intact by the Department of Natural Resources until the satisfactory completion of the timber sale contract.
7. The Department of Natural Resources reserves the right to reject any or all bids.

UTILIZATION

1. All trees designated for cutting will be utilized to a four inch (4") top diameter unless stated otherwise in the prospectus.
2. When designated for cutting, all trees containing one (1) or more one hundred inch (100") long stick to a four inch (4") minimum top diameter will be considered merchantable.

SCALING AND PAYMENT

1. Payment for timber removed from site must be made within 30 days after hauling or scaling under deferred payment option unless otherwise indicated on sale map.
2. The mill scale ticket system will be used as the preferred method of sale administration for sales on the Brule River State Forest. Other scaling systems may be used at the discretion of the Department of Natural Resources.

3. If a woods scale system is used, all cordwood will be piled for scaling. Piles will be level and square with at least two cords per pile. At least 20 cords will be piled before a scale is requested. Scaling requests must be made at least one day in advance.
4. Weight scale conversions will be at rates as specified in the DNR timber sale handbook.

CONTRACT PERIOD

1. The contract period shall be for a period of 2 years unless otherwise noted.
2. Contract extensions will not be granted without justifiable reason. Justification will be determined by the Department of Natural Resources. If extended, stumpage prices will be increased by five percent (5%). For each additional extension, the stumpage rate will be increased by ten percent (10%).

OTHER CONDITIONS

1. Wisconsin's Best Management Practices for Water Quality (BMPs) and Woody Biomass Harvesting Guidelines must be followed on all DNR timber sales.

The "Contractor" (purchaser) shall provide the Department with a Certificate of Insurance counter-signed by a Wisconsin Resident Agent, indicating that Worker's Compensation Insurance coverage is provided for the duration of the contract prior to any performance under it. Such Certificate of Insurance shall further include the condition that the insurer shall notify the Department at the Brule River State Forest Office within five (5) days of any change in its terms of twenty (20) days prior to its termination.

Contract may contain other provisions. A sample copy of the contract is available upon request.

Current Brule River State Forest contracts that have run longer than the original expiration date must be completed before sale operations are started on a new contract.

6250 S. Ranger Rd.
Brule, WI 54820
Phone: (715) 372-5678

Eric Serrine
Forester

NOTE: Prospectus maps for each of the timber sales are available at the Brule River State Forest office. Contact Eric Serrine at the above address and phone number if you have any questions concerning these sales. For White River Fisheries Area Sales contact Joanna Deegan at (715) 795-2565.

*****FOLLOWING APPLIES TO BRULE RIVER STATE FOREST AND WHITE RIVER FISHERIES AREA SALES*****

*****TRAINING STANDARD*****

Successful purchasers of timber stumpage on Wisconsin State Forests will need to ensure that the actual logging contractor complies with the Wisconsin Sustainable Forestry Initiative (SFI) Training Standard as adopted by the Wisconsin SFI Implementation Committee (SIC). Criteria for the training standard can be obtained by contacting FISTA. Purchaser agrees to provide documentation to Seller that the training has been attained prior to initiating the sale

*****NOTE*** Wood products from all Wisconsin State Forests are now certified under both the Forest Stewardship Council (FSC) (cert. # SCS-FM/COC-00070N) and the Sustainable Forestry Initiative (SFI) (cert. # 1Y941-S1).**

Brule River State Forest
2014 Timber Sales

Tract 02-12: Ski Trail Sale – 20 Acres

- 20 acre red oak seed tree harvest.

Tract 0-12: Rush Lake – 22 Acres

- 22 acre aspen regeneration harvest.

Tract 09-12: Hemlock Experiment – 2 Acres

- 2 acre northern hardwood regeneration harvest.

Tract 11-12: Superior Birch – 23 Acres

- 23 acre white birch regeneration harvest.

Tract 12-12: Stoney Hill – 29 Acres

- 39 acre red pine thinning.

Tract 13-12: Percival Creek – 51 Acres

- 51 acre aspen and northern hardwood regeneration.

Tract 01-13: Cattle Ranch – 102 Acres

- 102 acre aspen regeneration harvest.

Tract 03-13: Pirate Oak – 91 Acres

- 91 acre oak regeneration harvest.

Tract 04-13: St. Croixlet – 86 Acres

- 86 acre scrub oak regeneration harvest.

Tract 07-13: Albino Birch – 30 Acres

- 30 acre white birch regeneration harvest.

Tract 08-13: ELO Sale – 66 Acres

- 66 acre mixed hardwoods conversion harvest.

Tract 09-13: Troy Pit Pj's – 31 Acres

- 31 acre jack pine regeneration harvest.

Tract 11-13: Tri-Tops Pine – 66 Acres

- 66 acre red pine thinning.

Tract 13-13: NCT Pine – 33 Acres

- 33 acre red pine thinning.

Brule River State Forest Timber Sale Summary:

Harvest requirements:

- This sale is being sold on a Ticket Scale basis.
- Harvest in FROZEN SEASON ONLY between November 15th and March 15th.
- Whole-tree harvesting and/or utilization of tops less than 4" diameter will not be allowed.
- Sale boundaries are marked in red paint. The south and west sale boundary is Sutherland Road. A 15 foot no-equipment zone is marked with a red and green dot. No equipment is allowed within the riparian zone, and the stream that lies within the RMZ must be crossed via Sutherland Road.
- **Unit A (clear cut):**
 - LEAVE all conifer (except merchantable balsam fir).
 - LEAVE all green-marked trees.
 - CUT all balsam fir with two sticks or more merchantable wood
 - CUT all other allowable cut trees 1" and greater diameter at breast height.
- **Unit B (single-tree selection):**
 - LEAVE all conifer (except merchantable balsam fir).
 - CUT all balsam fir with two sticks or more merchantable wood
 - CUT all aspen, white birch, and ironwood 1" and greater diameter at breast height.
 - CUT all orange-marked trees.
- Do not damage any survey monumentation.
- All slash must be lopped and scattered throughout the site. Damage to residual trees will not be tolerated
- Prior to moving equipment on to or off the sale area, scrape or brush debris and soil from exterior surfaces.
- Do not cut snags except those that pose a safety hazard to logging operations.
- Decking of wood along town roads will not be allowed without permission of the sale administrator.
- This contract requires authorization by the sale administrator for all road/landing construction, and places a number of other requirements on road construction and closure.

White River Fisheries Area

Forester: LeBouton/Delegan	White River Rd sale: 46 acres	Species	Cords 4" top	Average Diameter (in)	Minimum Bid per cord	Total Minimum Bid

MAPLE SCHOOL FOREST

TIMBER SALE MSD 1-14

NOTICE TO BIDDERS:

This Timber is being Sold "Lump Sum". Volume to be cut is estimated not guaranteed. If the volume of timber exceeds the estimate, as a whole or by species, the Purchaser has the obligation to cut and remove it. If there is less timber than estimated, there is no obligation to the Seller to make up the deficiency. The timber designated or marked will not be changed to increase the cut to the estimate. No portion of the stumpage payment will be returned to the Purchaser after award and signing of contract.

One hundred percent of the bid value must be paid at contract signing or before cutting begins. All payment and insurance certificates for this sale are to the Seller, the School District of Maple.

Bidders are encouraged to look at this timber before bidding. Roads and landings are subject to the approval of the DNR forester. A presale meeting is required prior to the start of operations on this sale.
