

January 7, 2013

Marinette County Public Lands Timber Sale Mailing List:

Enclosed please find a general prospectus sheet, individual timber sale maps, and required bid forms for the upcoming **January 25, 2013**, bid opening. Please review the sales thoroughly to ensure you understand all sale conditions such as required Annosum treatment, harvest time periods, access requirements, and road building needs. You will see that most of the sales advertised will be sold lump sum, with full payment being required prior to starting harvest.

Sealed bids may be mailed in advance or dropped off at the DNR Peshtigo Service Center up until the time of bid opening at 9:00 a.m. on Friday, January 25, 2012. Please note that mail is not delivered until sometimes after 1:00 p.m. on weekdays, so plan accordingly if mailing a bid to ensure timely delivery. An acceptable bid must be equal to the total minimum bid price or higher. All species and products must be bid on, or bids will be rejected.

Successful purchasers of State stumpage will need to ensure that the actual logging contractor complies with the Wisconsin Sustainable Forestry Initiative (SFI) Training Standard as adopted by the Wisconsin SFI Implementation Committee (SIC). This will be required prior to contract signing.

If you have any specific sale questions, please feel free to contact the individual timber sale forester listed or Kate Lenz at the DNR Peshtigo Service Center (715-582-5045).

Thank-you for your continued partnership and work to protect and sustainably manage Wisconsin's forests for present and future generations.

Kate Lenz
Area Forestry Staff Specialist - Peshtigo

PUBLIC NOTICE OF STATE TIMBER SALES

Invitation for Bids on Timber Stumpage

Sealed bids will be received at the **DNR Peshtigo Service Center, 101 N Ogden Road - Suite A, Peshtigo, Wisconsin, 54157**, up to **9:00 a.m. on Friday, January 25, 2013**, and will be publicly opened immediately thereafter for timber stumpage listed in this prospectus. The State of Wisconsin, Department of Natural Resources reserves the right to reject any or all bids and to accept the bids they deem most reliable.

TRAINING REQUIREMENT

Successful purchasers of timber stumpage on State Lands shall ensure that the actual logging contractor engaged in performance of this contract complies with the Wisconsin SFI (Sustainable Forestry Initiative) Training Standard as adopted by the Wisconsin SFI Implementation Committee. Purchaser agrees to provide documentation that the training has been attained prior to initiating the sale. Criteria for the standard can be found at the website <http://fistausa.org> or by contacting the Forest Industry Safety & Training Alliance (FISTA).

FOREST CERTIFICATION

Sales are certified to the standards of the Forest Stewardship Council (FSC) – Certificate # SCS-FM/COC-00070N and the Sustainable Forestry Initiative (SFI) – Certificate # NSF-SFIS-1Y941-S1.

BIDDING REQUIREMENTS

All bids must be submitted on a Department Timber Sale Bid Form (2400-049) and sealed in an envelope clearly marked on the outside - "**SEALED BID – TIMBER STUMPAGE**". Persons desiring to bid on more than one tract must submit a separate bid form and separate bid bond for each tract.

State sales require that the minimum total bid price be met or exceeded. An acceptable bid must have a price for each species and product listed on every sale, but only the total has to meet the minimum total bid price to be accepted as a valid bid. In the case of a tie bid, the bidders must resubmit new bids within three days. Failure to resubmit bids will invalidate the original bid and the sale will be awarded to the other bidders.

Bids shall include the following information:

1. Tract number OR advertised job number.
2. List of all species to be cut and estimated volumes as listed on the timber sale prospectus and a bid price per unit for each species and product listed.
3. **BID BOND**— A minimum of 10 percent of the total bid for the tract must accompany the bid. The Bid Bond can be in the form of a certified check, cashier's check, bank money order, or irrevocable letter of credit made payable to the State of Wisconsin DNR. A personal check bid bond does not constitute a proper bid bond until the check has been cashed. If the check is returned for non-sufficient funds, the bid bond shall not be accepted and the sale shall be awarded to the next highest bidder. The Bid Bond of the successful bidder will be deposited, and the bid bond will be forfeited if the successful bidder fails to sign the contract within thirty (30) days. Unsuccessful bidders will have their checks and letters returned after the bidding.
4. Check off the type of performance bond to be used in the appropriate box on the bid form.
5. Signature and address of bidder.

At any time prior to the reading aloud of any bids for a particular sale, bidders may withdraw their bid from consideration. This can be done in person or by written instruction to the DNR Forester conducting the bid opening.

ANNOSUM TREATMENT (Required on some timber sales)

Annosum Root Rot is a serious disease that is causing conifer mortality in at least 23 confirmed counties in Wisconsin, mainly by infecting freshly cut stump surfaces in pine, spruce and fir stands. Once the disease exists in a stand, it is very difficult to control, and prevention of this disease is the best approach. New conifer timber sales are requiring the Contractor to complete Annosum Root Rot Disease control work within the timber sale. Control work is required year-round, must be performed by a Certified Pesticide Applicator, and involves chemically treating all fresh-cut stumps by applying either SPORAX or CELLU-TREAT product and dye to all conifer stumps within 24 hours of tree cutting. See the individual timber sale tract information and map to determine if this treatment is needed. The SPORAX or CELLU-TREAT will **NOT** be provided to the Contractor for these advertised sales. *If State policy changes to become less or more restrictive, the most current treatment guidelines and directives may be applied.

IMPORTANT ITEMS FOR SUCCESSFUL CONTRACT COMPLIANCE

(A sample State of Wisconsin Timber Sale Contract is available for review prior to bidding.)

- ✓ Each sale has individual specifications. Be sure to read all of the conditions and requirements listed on each individual sale map and within this prospectus carefully. Contact the DNR Forester listed for each sale if you have questions prior to bidding.
- ✓ Maintenance of a Worker's Compensation Certificate for the entire contract period (including extensions) and all employees on the sale area. Contractors claiming an exemption from the Wisconsin Worker's Compensation Act must provide proof they are not required to have it.
- ✓ A 25% performance bond is required (i.e. surety bond, letter of credit) for the length of contract, as evidence of the bidder's intention to faithfully carry out the provisions of the contract. The 10% bid bond may be used toward this bond, with additional bond payment made prior to contract signing. In place of the bond, an irrevocable letter of credit will be accepted.
- ✓ Wisconsin's Best Management Practices for Water Quality (BMP's), Best Management Practices for Invasive Species, and Woody Biomass Harvesting Guidelines must be followed on all DNR timber sales. Copies of each are available from the DNR.
- ✓ Volume to be cut is estimated, but not guaranteed. If the timber volume exceeds the estimate, as a whole or by species, the purchaser has the obligation to cut and remove it, paying the unit bid price. If there is less timber than estimated, there is no obligation of the landowner to make up the "shortage". For scaled sales, the cut volumes will be determined by field scale and/or mill scale as specified in the contract.
- ✓ Volumes are estimated and bid to a standard 4" minimum utilization standard unless indicated otherwise. The biomass suitability for each sale is noted. If utilization to a smaller diameter is desired by the contractor and approved by the property manager and forester, a price and volume estimation to account for the additional fiber harvested will be agreed upon and included in the timber sale contract payment schedule.
- ✓ Lump sum sales must be paid in full prior to harvesting. If there are multiple cutting units within a lump sum sale, the payment can be divided amongst cutting units, requiring only the active cutting units to be pre-paid.
- ✓ The State will convert any mill weight scales to cordwood volume for billing purposes, using the State weight conversions by species (available upon request) as listed in the Timber Sale Handbook.
- ✓ Payments for scaled or haul ticket wood must be received within 30 days of billing. If a payment is later than 30 days, a late interest penalty will apply. Violations of payment provisions will result in the contractor having to pre-pay for the remainder of that particular sale. A violation will also add that contractor to a pre-payment only list, which requires all payments on state timber sales be pre-paid for a two year time period.
- ✓ Contracts are for 2-years, unless noted otherwise. The first six month extension of an expiring contract will have a 5% increase of bid value and any subsequent extensions will include an additional 10% increase per extension, unless noted otherwise.
- ✓ Trees designated not to be cut may not be removed for any reason without permission from Wisconsin DNR. All landing locations and wood access roads need prior approval before construction begins. Woods roads, trails, and landings shall be restored to contract specifications prior to sale closeout. Unless noted, all slash shall be lopped and scattered. No slash shall be left hung-up.

TIMBER SALE TRACT INFORMATION

Individual sale maps and bid forms are attached. Please review individual sales carefully for harvest requirements, restrictions, scale method, access issues, and other sale details. Please note that volumes listed are estimates only. When bidding on lump sum sales, it is highly recommended that the bidder evaluate the timber volume prior to bidding.

JOB #1: Boat Landing #10 Sale (TRACT 3810-02-12) – Lump Sum Sale

Property: Peshtigo River State Forest

Interim Contact Forester: Dan Mertz – DNR Wausaukee - (715) 856-9153

Location: Town of Stephenson (Sections 5 & 8, T33N R18E), Marinette County
Town of Silver Cliff (Sections 31 & 32, T34N R18E), Marinette County

- ✓ 115 acres of timber stumpage with the following estimated volume:
 - 800 cords aspen
 - 500 cords scrub oak
 - 460 cords red pine
 - 290 cords mixed hardwood
 - 60 cords jack pine
 - 55 cords balsam fir
- ✓ The contract period will be until July 1, 2015.
- ✓ Roads and landings must be built between October 1 and April 1. Portions of roads and/or trails may have to be seeded with perennial rye at the rate of 75 #/acre.
- ✓ The snowmobile trail may only be used for trucking, NOT for forwarding or decking.
- ✓ Annosum treatment is required for conifer stumps.
- ✓ Harvest time restrictions are as follows:
 - Red Pine Plantations: Cutting can only occur between July 15 and April 15.
 - Clearcut Areas: Cutting can only occur between October 1 and April 15.
 - Mixed Species Thinning Areas: Cutting can only occur between October 1 and April 15.
 - Frozen ground conditions may be required within 200 feet of the water (no soil disturbance).
- ✓ Biomass Suitability: No
- ✓ Part of the sale requires access through private land, which is the contractor's responsibility to obtain.
- ✓ *Minimum Total Sale Bid: \$50,409.00*

JOB #2: Boat Landing #3 Sale (TRACT 3810-03-12) – Lump Sum Sale

Property: Peshtigo River State Forest

Interim Contact Forester: Dan Mertz – DNR Wausaukee - (715) 856-9153

Location: Town of Stephenson, Marinette County
(Section 1, T32N R18E; Sections 24, 25, & 36, T33N R18E; Section 31, T33N R19E)

- ✓ 158 acres of timber stumpage with the following estimated volume:
 - 2,000 cords scrub oak (20% dead)
 - 360 cords red pine
 - 300 cords aspen
 - 150 cords mixed hardwood
 - 120 cords jack pine
- ✓ The contract period will be until July 1, 2015.
- ✓ Roads and landings must be built between October 1 and April 1. Portions of roads and/or trails may have to be seeded with perennial rye at the rate of 75 #/acre.
- ✓ The snowmobile trail may only be used for trucking, NOT for forwarding or decking.
- ✓ Annosum treatment is required for conifer stumps.
- ✓ Harvest time restrictions are as follows:
 - Red Pine Plantations (35 acres): Cutting can only occur between July 15 and April 15.
 - Marked Oak and Pine Areas (3 acres): Cutting can only occur between October 1 and April 15.
 - Clearcut Areas (120 acres): Cutting can only occur between October 1 and April 15. Also, cut all oak, aspen, and red maple 2-5" DBH, except within 50 feet of the water's edge and within 50 feet of Wildwood Lane. Do not cut green painted trees and trees lying on the ground. No cutting within the mowed area.
- ✓ Biomass Suitability: No
- ✓ *Minimum Total Sale Bid: \$91,713.00*

JOB #3: Lone 40 Sale (TRACT 3806-02-12) – Field Scale

Property: North Branch Beaver Creek Fishery Area

Contact Forester: Steve Kaufman – DNR Wausaukee – (715) 856-9157

Location: Town of Beaver (Section 9, T31N R19E), Marinette County

- ✓ 15 acres of timber stumpage with the following estimated volume:
 - 130 cords oak (80% red and scrub, 20% white)
 - 120 cords mixed hardwood (4% aspen and birch)
 - 30 MBF oak (65% scrub, 24% red, 10% white)
 - 15 MBF mixed hardwood
- ✓ Oak wilt restrictions – no cutting April 1 to July 15.
- ✓ Dry or frozen ground restrictions.
- ✓ Biomass Suitability: No
- ✓ Contractor is responsible for obtaining access through private ownership.
- ✓ *Minimum Total Sale Bid: \$9,285.00*

JOB #4: South Beaver Creek Sale (TRACT 3806-04-12) – Lump Sum Sale

Property: North Branch Beaver Creek Fishery Area

Contact Forester: Steve Kaufman – DNR Wausaukee – (715) 856-9157

Location: Town of Beaver (Section 11, T31N R19E), Marinette County

- ✓ 12 acres of timber stumpage with the following estimated volume:
 - 120 cords aspen
 - 95 cords mixed hardwood (95% maple, but includes birch, cherry, and ash)
 - 40 cords oak
 - 5 cords balsam fir
- ✓ Oak wilt restrictions – no cutting April 15 to July 15.
- ✓ Dry or frozen ground restrictions.
- ✓ Biomass Suitability: No
- ✓ Contractor is responsible for obtaining access through private ownership.
- ✓ *Minimum Total Sale Bid: \$4,882.50*

JOB #5: North Beaver Creek Sale (TRACT 3806-05-12) – Lump Sum Sale

Property: North Branch Beaver Creek Fishery Area

Contact Forester: Steve Kaufman – DNR Wausaukee – (715) 856-9157

Location: Town of Beaver (Section 2, T31N R19E), Marinette County

- ✓ 6 acres of timber stumpage with the following estimated volume:
 - 30 cords aspen
 - 25 cords oak
 - 10 cords mixed hardwood
 - 2 cords balsam fir
- ✓ Oak wilt restrictions – no cutting April 15 to July 15.
- ✓ Dry or frozen ground restrictions.
- ✓ Biomass Suitability: No
- ✓ Contractor is responsible for obtaining access through private ownership.
- ✓ *Minimum Total Sale Bid: \$1,253.70*

JOB #6: Cole Maple Sale (TRACT 3801-01-12) – Lump Sum Sale

Property: Green Bay West Shores – Peshtigo Harbor Wildlife Area

Contact Forester: Fred Freeman – DNR Peshtigo – (715) 582-5037

Location: Town of Peshtigo (Section 17, T29N R23E), Marinette County

- ✓ 50 acres of timber stumpage with the following estimated volume:
 - 925 cords mixed hardwood (approximately 20% sawlog volume included)
 - 110 cords aspen (approximately 25% bolts)
- ✓ Frozen ground restrictions.
- ✓ Cut and remove all trees 2" DBH and larger, except conifers, yellow birch, and trees marked with green paint. Standing and lying dead trees shall be left uncut.
- ✓ Biomass Suitability: No
- ✓ *Minimum Total Sale Bid: \$27,397.00*

JOB #7: Fred Oak Sale (TRACT 3801-02-12) – Lump Sum Sale

Property: Green Bay West Shores – Peshtigo Harbor Wildlife Area

Contact Forester: Fred Freeman – DNR Peshtigo – (715) 582-5037

Location: Town of Peshtigo (Section 10, T29N R23E), Marinette County

- ✓ 32 acres of timber stumpage with the following estimated volume:
 - 400 cords oak (approximately 25% sawlog volume included)
 - 220 cords mixed hardwood (approximately 15% sawlog volume included)
 - 8 cords aspen (approximately 30% bolts)
- ✓ Oak wilt restrictions – no cutting April 15 to July 15.
- ✓ Dry or frozen ground restrictions apply to south cutting unit.
- ✓ Cut and remove all trees 2" DBH and larger, except conifers, yellow birch, and trees marked with green paint. Standing and lying dead trees shall be left uncut.
- ✓ Biomass Suitability: No
- ✓ *Minimum Total Sale Bid: \$15,894.00*
