NO HARVESTING FROM APRIL 15TH – JULY 15TH UNLESS OTHERWISE NOTED ON MAP.

Mixed Hardwood Clearcut (49 ac)

Harvest all aspen and hardwood greater than 2" dbh. For conifers only harvest spruce containing three or more sticks, jack pine greater than 2" dbh, and red pine marked with orange paint. Do not harvest white oak, white pine, unmarked red pine, spruce containing less than 3 sticks, or trees marked with green paint.

Aspen Clearcut (15 ac)

Harvest all trees greater than 2" dbh. For conifers only harvest spruce containing three or more sticks and jack pine greater than 2" dbh. Do not harvest white oak, white pine, red pine, spruce containing less than 3 sticks, or trees marked with green paint.

Pine Conversion (10 ac)

Harvest all aspen and hardwood greater than 2" dbh and all trees marked with orange paint. Take care to protect existing pine regeneration.

Red Oak Thinning (2 ac)

Harvest all trees marked with orange paint.

Red Pine Plantation Thinning (15 ac)

Harvest all trees marked with orange paint.

**Annosum treatment is required between April 1st and November 30th on conifer stumps within Red Pine Plantation Thinning and Pine Conversion cutting units.*
