

Gun and Bow Harvest of Antlered Bucks and Antlerless Deer, 1960-2012

2011-2012
Buck harvest +10%
Antlerless harvest +3%

Planning for the fall.....Planning for the future

What's Changed in Your Own Deer Hunting World?

- Lower deer population in some areas
- Diminishing quality of habitat
- More people in the woods year round
- More predators
- Increased deer sanctuaries
- Fewer people hunting in some areas
- Changes in hunting techniques
- Changes in hunting technology
- Baiting and feeding

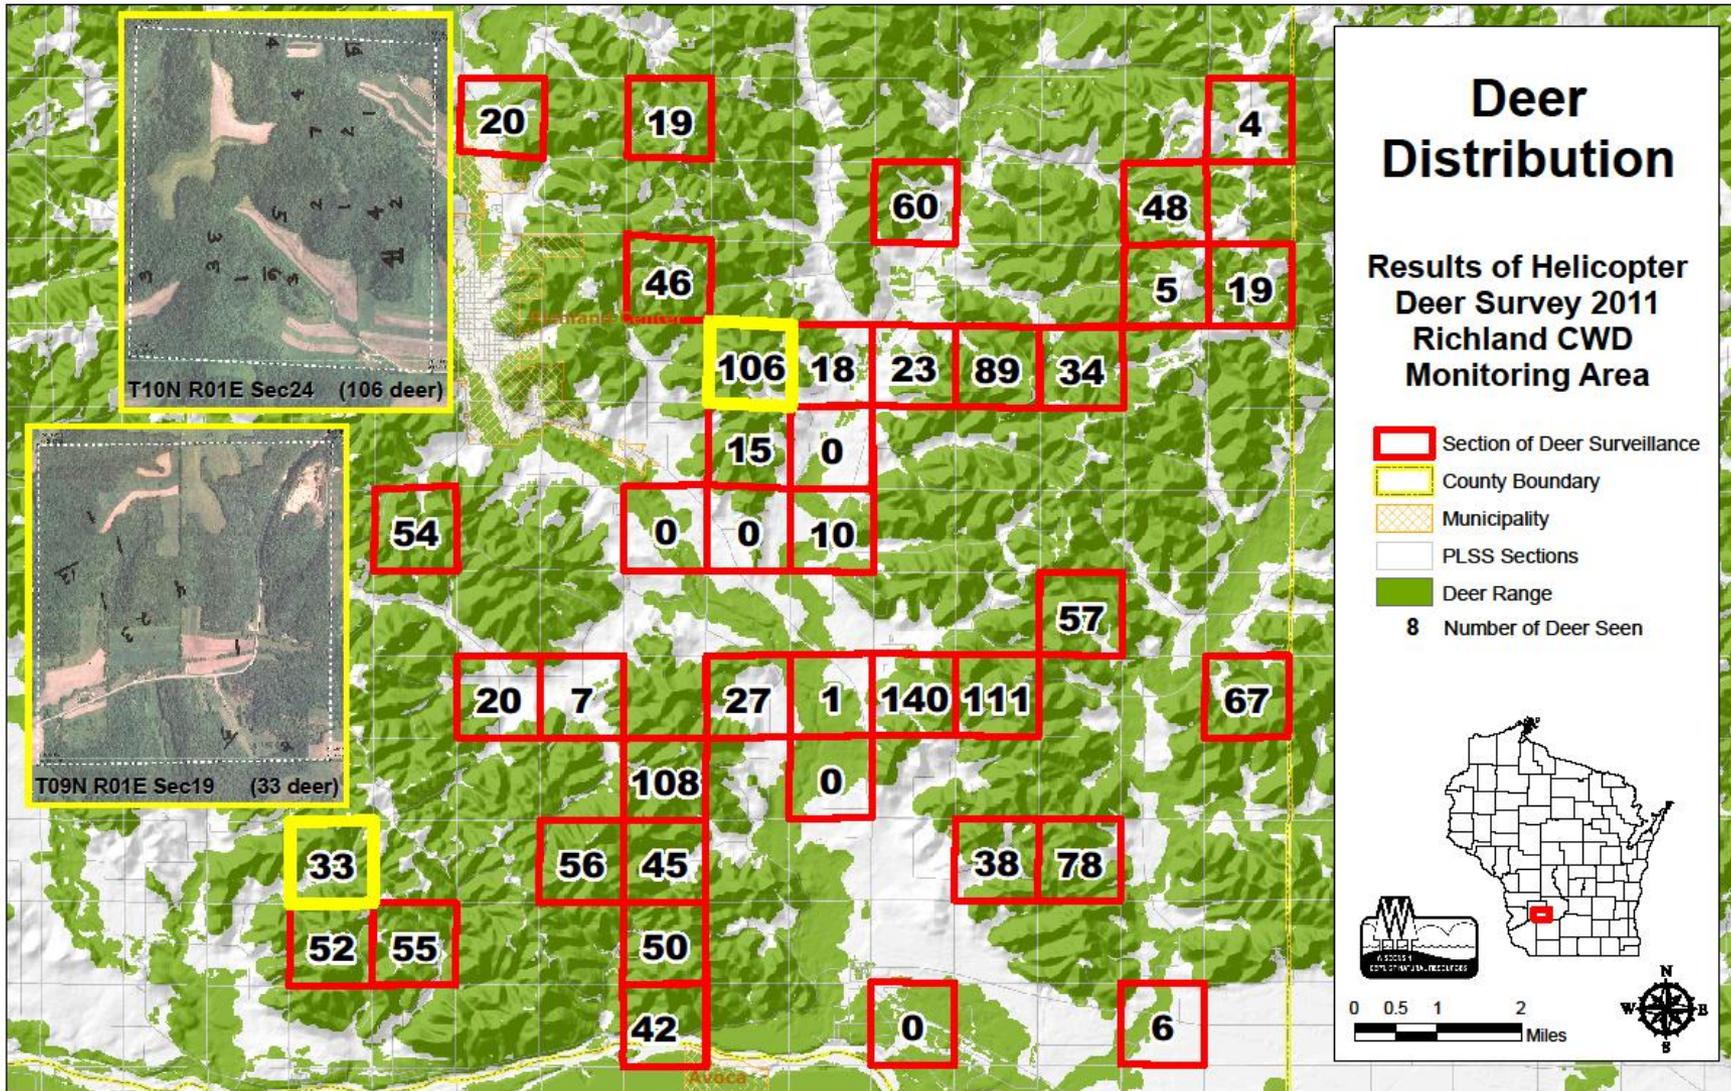

Planning for the fall.....Planning for the future

**25 deer per square mile in 2013 will not likely provide
the same hunting experience that 25 deer per square
mile did in 1991**
