

**Wisconsin Department of Natural Resources  
Monitoring the Implementation of Property Master Plans**

**Property:**   Nevin Springs Fish and Wildlife Area  

**Master Plan Year:**   2000  

**Habitat Management**

<b>MASTER PLAN OBJECTIVES</b>	<p><b>Aquatic Habitat Management Area One – Nonpoint Storm water Sources</b></p> <ul style="list-style-type: none"> <li>▪ Develop and implement a plan to limit storm water-caused degradation of Nevin’s wetlands and Nine Springs Creek water quality. Update the plan as additional information is collected.</li> </ul>
<b>Accomplishments 2009</b>	<i>No action this year.</i>

<b>MASTER PLAN OBJECTIVES</b>	<p><b>Aquatic Habitat Management Area Two – Stream Corridors</b></p> <ul style="list-style-type: none"> <li>▪ Explore the feasibility of restoring stream meanders and recreational fishing with UW researchers, DNR researchers, DNR Fisheries, DNR Wildlife, and DNR operations assistance.</li> </ul>
<b>Accomplishments 2009</b>	<i>No action this year.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Aquatic Habitat Management Area Three – Sedge Meadow and Calcareous Fen</b> <ul style="list-style-type: none"> <li>▪ Protect and enhance approximately 90 acres of existing and threatened sedge meadows.</li> </ul>
<b>Accomplishments 2009</b>	<i>Removed Geococcolites placement from sensitive spring areas. Investigated illegal cutting of trees to springs. Started collecting information from other states to drafted spring conservation guidelines.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Aquatic Habitat Management Area Four – Disturbed Wetlands</b> <ul style="list-style-type: none"> <li>▪ Restore approximately 130 acres of this disturbed wetland plant community.</li> </ul>
<b>Accomplishments 2009</b>	<i>No action this year.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Aquatic Habitat Management Area Five – Springs Areas &amp; Groundwater Protection</b> <ul style="list-style-type: none"> <li>▪ Protect groundwater so that the Nevin Fish Hatchery can continue to function to its full potential and for the protection of Nine Springs Creek and its surrounding wetlands.</li> </ul>
<b>Accomplishments 2009</b>	<i>No action this year.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Aquatic Habitat Management Area Six – Old Fish Raising Pond/Ditch</b> <ul style="list-style-type: none"> <li>▪ Restore this area to reclaim its functioning as a part of the wetland ecosystem.</li> </ul>
<b>Accomplishments 2009</b>	<i>No action this year.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Upland Habitat Management Area Seven – Open Savanna/Grasslands</b> <ul style="list-style-type: none"> <li>▪ Manage and interpret approximately 278 acres of land to create an open, native, upland, grass/savanna area accessed by a mown grass trail and populated with local native plant species. Current populations of red pine, white cedar, will be removed or burned back over time.</li> </ul>
<b>Accomplishments 2009</b>	<i>Secured Turkey stamp dollars to pay for forestry mowing of grass fields taken over by brush. Worked with 2 sets of partners to control invasive plants. Dev. Plan w/ Forester: pine thinning for 2010. Burned a grass field the year before.</i>

<b>MASTER PLAN OBJECTIVES</b>	<b>Upland Habitat Management Area Eight – Landfill Area</b> <ul style="list-style-type: none"> <li>▪ Manage 46 acres of landfill cover to support as diverse as possible range of native grass species.</li> </ul>
<b>Accomplishments 2009</b>	<i>Burned this area in 2008. Continued to chemically treat invasive plant via technician and volunteer 2007, 2008. Worked with 2 volunteers and local neighborhood group on blue bird house route. Volunteer cut locust trees.</i>

## Recreation Management Area

<p><b>MASTER PLAN OBJECTIVES</b></p>	<p><b>Capital City Trail</b></p> <ul style="list-style-type: none"> <li>▪ Provide a 75 foot wide corridor off each side of the centerline of the Capital City Trail that passes through the Nevin property per the intergovernmental agreement to provide primary public access for wildlife viewing and internal emergency access to the Nevin Springs Fish and Wildlife Area.</li> </ul>
<p><b>Accomplishments 2009</b></p>	<p><i>Working with neighbors to protect salamander hatch site.</i></p>

## Wildlife Viewing and Education

<p><b>MASTER PLAN OBJECTIVES</b></p>	<p>Provide and enhance opportunities for wildlife viewing by:</p> <ul style="list-style-type: none"> <li>▪ Creating a 1.5 mile mown wildlife viewing and firebreak trail in the savanna area to provide visual access.</li> <li>▪ Creating an accessible boardwalk and viewing deck at the Nursery Springs.</li> <li>▪ Constructing a gravel lot off Syene Road for hunter and trail user access.</li> <li>▪ Creating a trail/boardwalk/deck to connect the Center to the Office/Service Area's wetlands for environmental study purposes.</li> <li>▪ Providing kiosks to familiarize visitors with the Nevin Springs Fish and Wildlife Area.</li> </ul>
<p><b>Accomplishments 2009</b></p>	<p><i>Boardwalks and trails will need to be kept away from sensitive springs. Fish Tech mows "viewing trail" as time allows.</i></p>

<p><b>MASTER PLAN OBJECTIVES</b></p>	<p>Provide opportunities for environmental education. This would be accomplished primarily by:</p> <ul style="list-style-type: none"> <li>▪ Rehabilitating the Stone Building on the Office/Service Area as a DNR History and Environmental Education Center.</li> <li>▪ Developing exhibits and visitor programs with a primary focus on water resource topics and DNR history; and, secondarily, on ecological stewardship, ecological restoration, and native ecosystem health.</li> <li>▪</li> </ul>
<p><b>Accomplishments 2009</b></p>	<p><i>No action.</i></p>

**Real Estate Management**

<p><b>MASTER PLAN OBJECTIVES</b></p>	<p>Protect through acquisition an additional 208.88 acres within the property boundary.</p>
<p><b>Accomplishments 2009</b></p>	<p><i>No acquisition opportunities.</i></p>
