

August 2015
Draft Recreation Management Summary - Alternative B Day Use
Southern Kettle Moraine Waters Planning Group

This alternative focuses upon the day use recreation experience. The primary recreation focus is upon the Mukwonago River Unit waters by access via a north entrance road. This road provides access to a number of land and water based day use recreational activities. For example, carry in boat access would be provided for Rainbow Springs Lake. Also, boundary edge access parking continues for the Lulu Lake property.

Existing and Proposed Recreation Developments

Lulu Lake State Natural Area

- 4 - Gravel parking lots

- 0.00 - Snowmobile trails (miles)
- 0.00 - Open public roads (miles)
